

JAYANTI KRISHANI

Date of Birth: 3rd Apr 2014

JOY

Jayanti is the doll of Joy group. Last year when she came to school, she was younger than the other children. Now she has learnt how to use the toilet and clean herself after using toilet. She comes late to the group, because she plays on the way.

While chanting in circle time she sits very nicely and sings all songs loudly and chants very clearly. Her pronunciation is good in both Hindi and English languages.

One-day didi asked jayanti, “Do you know which shape it is?” Instantly she replied to didi, “It is love shape” (heart shape). She tries speaking in English with teachers.

Her favorite language game is 'I sent a letter to my father on the way I dropped it, someone came and picked it up and put it in my pocket'.

Her observation is good. She always looks at the pictures and tells new words. Last year she was not able to communicate in full sentences but now she has started speaking full sentences in Hindi. She takes time to think and tells stories.

Jayanti is able to count forward and backward, from 1 to 20. She is not able to do four operations clearly with objects.

Jayanti is like a rabbit in physical activities. She plays enthusiastically for a few minutes and then feels tired and tells the teacher 'I am body girl'! (strong body)
