

Sanjeet Muduli

DOB-30-Dec-2011

Attendance-174 days out of 182 days

Report for 2024-25 (Second term)

INTRODUCTION

My name is Sanjeet Muduli. I like to play and read books. Now I am doing class 7th books. I study in Auro-Mira Vidya Mandir. My hobby is to read books.

SCIENCE

This subject is also my favourite subject. Now I am doing all the physics chapters. When my teachers make me understand the chapter, I listen very carefully so that I can understand the chapter better. I mostly understand physics and biology more than the chemistry. I sometimes understand chemistry by doing experiments. I do not do the experiments for fun but to understand the concept more. I

know 25 names of the elements. In this book there are chapters which I have done earlier in my project classes so it was very easy for me to understand. I have learnt how to balance an equation. I have also learnt how to name the salts. Now I am learning about time and motion. I have learnt the formulae of taking out distance, time and speed. I have also learnt the displacement and line graph.

SOCIAL SCIENCE

I do not like this class very much. I am not very good in civics, but I am better in history and geography. I understand the chapters, but I cannot get good marks in my tests. When I do not understand the chapter, my teachers show us some video related to the chapter so that I can understand the chapters more. I do two books together so that I finished the book faster.

I am doing the book 7th in social science. While giving the test I cannot remember what we have been taught earlier. I have to improve in my social science. Social science will also help me in life.

MATHEMATICS

Maths is my favourite subject. I am doing book 7th in mathematics. All chapters were easy for me but some new chapters like profit and loss and simple interest were a little difficult for me to understand. They were difficult for me because the chapters were new for me. I have improved in my calculations. When I do not understand the chapters I go to my teacher to understand the question. I sometimes get good marks in my tests and sometimes bad marks. I do my Maths class twice a day, one in the morning 8:30 -9:30 am and in the evening 7:00 -8:00 pm. I feel that my brain works more in the morning than the evening. My teacher says that I am progressing very slowly, so I have to work fast. Maths is a very important subject for me because it will help me in my whole life, and I have to master mathematics.

ENGLISH

In my English class I do group reading, grammar, drama and self-reading. I had done a drama, the shadow. I had taken the role of a boy thief. I had very little time to practise the drama. I liked doing the drama. From the drama I learnt that we should not steal and if we steal our shadow is watching us. I have read

storybooks with my teachers like Harry Potter and the Philosopher's Stone and now we are reading the book Charlie and the Great Glass Elevator. I can understand the stories very easily. I also do grammar in which I am very poor, and I have to improve in it. In grammar I do not remember what are verbs, adjectives,

etc. I also do self-reading in which I read the book of Harry Potter. I have finished the fifth part and have started the sixth part of it. I can understand the stories very well. I like to read the adventurous stories.

HINDI REPORT

I like to do my Hindi class. I do my Hindi class every day after lunch. Now I am doing the book of Vasant class 6 and have covered 9 chapters. I can understand the chapters and do the question answers on my own. I also do grammar in my Hindi class; grammar is little difficult for me than doing Vasant. I do not understand the chapter but when I do the question and answers I understand the chapter better. I obtain good marks in the tests. I also do reading in my Hindi class. I read the book of Mahabharata in my Hindi class and also do free reading where I have to read books on my own. My handwriting is not very good, but it has improved.

COMPUTER

I do my computer class every Sunday evening. In computer class I do typing, painting and sometimes making notebook, etc. I have learnt to mix colours in the computer. My typing speed is slow, so I have to improve in it. Sometimes I make mistakes like I do not give space after the full stops and commas so I have to observe them.

DANCE

I do my dance class every Wednesday afternoon. I do different types of dances. I do dance for celebrations. Dancing is good for our body, so I like dance. I cannot dance perfectly, but I try to do dance properly. Now I am doing a dance on Hanuman-chalisa for our school's birthday.

SHRAMDAN

I have my shramdan every day from 6:30-7:30 am. I do many tasks like hostel cleaning gardening etc. I like to do school cleaning the most. In school cleaning I do sweeping and mopping. I also do gardening on Friday afternoon.

GAMES

Other than studying I like to play sports. I go for games every day in the evening. I play games like football, volleyball and basketball. I like to play football mostly. I am good at football and volleyball but not in basketball. I do not know some rules of basketball. I don't like to play with the people who argue very much. I have to improve in games.

SATSANG

I go for satsang after bathing. In satsang I do meditation, sing songs and learn new songs. Doing meditation in the satsang class makes my brain relax.

ODIA

In my Odia class I take dictation and do reading with my teacher. I do not know how to read and write much but I try. I have to improve my Odia.

CELEBRATIONS IN MY SCHOOL

BHAIYA'S BIRTHDAY (29 November)- On bhaiya's birthday I sang a song (shubh janm dinamte). I had learnt the song in about 15-20 minute. I liked the song and had memorized the song perfectly.

CHRISTMAS (25 December)- On Christmas I sang a song. It was very easy to remember the song for me. I could understand the meaning of the song. I enjoyed celebrating Christmas with the other students of our school.

SPORTS DAY (13 January)- This time I did two performances- unicycle and a dance on Lord Vishnu's ten avatars. In dashavatar I was made Laxman. I did not enjoy doing dashavatar very much. Three groups came together to perform the Dashavatar. I liked doing unicycle; it was my first time doing unicycle. I learnt to ride unicycle very quickly. I enjoyed my sports day.

THE MOTHER'S BIRTHDAY (26 February)- I did a drama on the Mother's birthday. I had taken the role of a boy who was a thief. I had less days to practise. I learnt not to steal.

HOLI: This time I found the Holi celebrations rather different from the previous ones. The event was kicked off by the breaking of the pot which they had hung at a height. I enjoyed playing with the colours that we had ourselves made, and also the goodies stall set up for all of us. I liked playing in the mud the most as this was one of the new events organized

TRIP TO CENTRAL INDIA (29/10/2024)

I started my journey from Koraput. From Koraput I went to Bhubaneshwar by train. In Khandagiri I saw many caves of early humans. I also climbed to the top of the caves. Then I went to Alarnath temple and Chilika lake. I saw the statue of lord Ganesh. In Chilika lake I went on a boat to see river dolphins. I just saw 5 dolphins. Onboard the boat we went to a very small island. We sat there for some time then we went back to the coast. On the next day I went to visit Bhitarkanika. I boarded a big boat and started our journey to see crocodiles. While going from coast to coast I did not see any crocodile but I saw many crocodiles while coming back. Then I went to Balasore. In Balasore I went to Simlipal where I visited uski, baheri, and many other waterfalls. Then I went to Panchlingshwar temple and Jagannath temple. Then I went to Gaya. I visited Bodhgaya, the road cut by Dashrath Manji, Rajgir, Brahma kund, and Mahavir Mandir. Most of the temples

were very crowded but not Mahavir Mandir. I did not take bath in the Brahma Kund. Then I went on a zoo safari, where I saw tiger, leopard, different types of deer. Then I went to the place where Jarasandh and Bheem had fought. In Uttar Pradesh I went to archaeological site and museum. Then I went to Japanese Buddha temple, Chinese Buddha temple and stupa at Sarnath. I visited Kashi Vishwanath Temple, etc. then I went to Ayodhya. I visited Hanuman, Ram and Mahadev Mandir. I then visited Lucknow University, clock tower and Bhool Bhulaiya. I also went to eco garden. Then I went to Jhansi where I saw light and sound show, raj mahal and I went to museum. I liked Jhansi, Lucknow and Gaya the most in the trip.
