SHARAMDAN

I like to do Shramdan. The shramdan we do are kitchen, toilet cleaning, gardening, hostel cleaning, and school cleaning. In kitchen- I cut vegetables like potato, onion, kundru, etc. In hostel cleaning we clean the open drain, verandah and we sweep and do mopping. In Gardening we water the plants. I like to do school cleaning the most because after finishing I roam around inside the school.

himself is a good painter and artist. Now I am preparing for my final examination which I will be giving in the month of April.

I have finished Civics, Geography and History of 10th class of NIOS. After finishing each chapter, we give a test. Geography is very easy for me and most difficult is civics. I have finished second book now I am doing first book. In first book many chapters were easy. Nowadays in social science class only Bhavna didi comes to

teach us and sometimes Pranjal bhaiya comes to teach the difficult chapters. I have given tests of history and geography but didn't get nice marks because I don't concentrate in class. I am preparing for my exams.

GAMES

In games I play nicely. The games I play are football, basketball, and volleyball. I like to play football and volleyball the most. In basketball I am not able to play properly because I don't get pass. That's why I don't like to play. In football mostly I play as

defender, sometimes I play forward and I get many passes. As goalkeeper I play perfectly but when opposite team scores a goal, then I don't like to be goalkeeper.
