

## MINI BISHOI

2021-22

DOB- 13<sup>th</sup> July '13

**Math:-** Mini is not regular to school and she has also joined very recently. But she is very good in math. She is very fast in adding one-digit numbers. Even though she joined recently, she is very fast in learning and picking up new concepts. She can visualise the patterns. She learnt forward and backward counting in four days. She also did skip counting of two till hundred. She is very cheerful and excited while learning. She is very good at adding one-digit numbers.

**English: -** Mini has recently joined the school and come to smile group. Whatever the class does, she doesn't always understand but she tries to listen and sits properly in class. During storytelling, she listens very attentively.

She concentrates and sits quietly. When she is asked a question, she tries to answer. She is interested in role play. She participated in the play- how elephants got their trunks, and her role was of an elephant. She has learnt alphabets and can recognise them.

**Hindi: -** She is an intelligent girl, but she is not regular in the school. She has just started coming to the school since February. She has learnt some alphabets. She can recognise the alphabets. When didi asks her to narrate stories, she is able to do so. She tries to answer whenever a question is asked.

**Art and Craft:** - She draws neatly and cleanly. She is talented at doing things.
