

Deepak Muduli

DOB- 14th June'15

Attendance-177 days out of 182 days

Report for 2024-25(Second term)

He stays in the hostel and when he goes home, he loves spending time with his parents. He is friendly and helpful with his friends. His favourite activity is to water the plants. In his free time, he loves playing with his friends and sometimes he is interested in doing his homework. He loves eating apples, poha, noodles, and puri.

English: Deepak is attentive in class. He enjoys listening to stories and

answering questions from the Communicative English book for Class 3. He has difficulty writing in full sentences and often prefers shortcuts. He needs to improve his handwriting as even he struggles to read his own writing. He also needs to improve his spoken English and must be reminded constantly to speak in English. He needs to practise breaking down words and writing

during dictation. He has completed Good Grammar for Class 2. Eventually, he managed to finish it.

Hindi: Deepak is doing the 3rd Gunjan book. He always does his work quickly and gets his notebook checked. If he has any confusion in any of the questions, then he

always asks his teachers to explain it to him. He does his work neatly but sometimes gets his work untidy if he tries to rush and compete his work but his answers are always correct. He loves reading, taking dictation and copy

they were taken to the sandpit to show about the load, fulcrum and effort. They were also shown about the work of an inclined plane with the help of the slide.

Maths: Deepak is an intelligent child and is in the third-class book, which is about to get over. He studies well but keeps getting distracted. He needs to work faster. He doesn't try to understand the question and keeps asking. With correct answers he gets very happy and solves more problems with laughter and joy. He has learnt all kind of conversions like, seconds to minutes and hours, minutes to seconds and hours, and hours to seconds and minutes, centimetre

their habitat. When they had taken the topic of animals and their adaptation, he had drawn a picture of a cheetah and had coloured it beautifully. He can comprehend the questions well and can also write the answers by himself. Whenever questions are asked, he is one of the first to raise his hand to answer the questions. He can do better if he pays more attention in the class. When they had taken the topic about machines, he was very eager to know about the various types of machines. He was curious to know about the machines used in the airplanes, in cars, bikes, etc. He enjoyed doing the experiments that were done when

hand movements and expression. He tries to focus during class and is gradually building his confidence.

Puzzles: Deepak likes his puzzles class. His favourite puzzle is Avengers as he likes the picture a lot. He is able to fix the hundred and two hundred pieces of puzzles all alone. He also loves fixing animals' puzzles. He enjoys fixing puzzles which doesn't have a picture board.

Singing and drama: He loves to sing song and when the teacher teaches him some song then he learns very fast and he also sings very loudly. His favorite song is

to metre and metre to centimetre and days to weeks and months. Many a time he is also revising Multiplication, Division and subtractions as he still makes silly errors.

Arts: Deepak enjoys drawing and is active in the class. He has learnt to make a house using paper and found it interesting. He practised cutting and pasting flowers. He loves to decorate the group with hangings. He is improving his artistic skills.

Dance: Deepak is trying to take an interest in dance and making steady progress. He listens to instruction and puts in an effort to follow the rhythm of the music. Deepak is practising

when I get older. In the class he has learnt many songs like fight song, chodo kal ki bate, dekho aayi hai raat Christmas ki and etc. From February he has stated doing social science class and now she is doing the question answer form the freedom book term 2. On every Wednesday he watches English movies with his friends and he enjoys it.

Sense development: Deepak loves participating in class activities. He is punctual and has engaged in several hearing-related activities to develop his hearing sense. If given seven objects to recognise by sound, he can correctly identify five. He is slowly developing his hearing sense.

Odia: Deepak is a bright student with a good understanding of Odia. He remembers things well and learns quickly. He often comes late to class, but he is very interested in listening to Odia stories. He knows the Odia varnamala and can read and write words without matras correctly. Deepak also knows counting from 1 to 10 in Odia and can recognise and write the

Celebration:

Trip: Deepak went on his first trip. He was excited because it was his first time sitting in the train. He so excited that he did not sleep at night and kept talking and looking out of the window. Deepak was very happy to see the sea and enjoyed playing with the waves with his friends. At Nandankanan zoo Deepak was very excited to see the animals so close. He was not believing that they were

real. While visiting the places he could relate and understand what he had learnt about them.
