

Chandrika Muduli

DOB-27-Dec-2013

Attendance-180 days out of 182 days

Report for 2024-25 (Second term)

Introduction

Chandrika is a quiet child. She likes to talk only when necessary or only when asked during classes. She is very open to her best friends Satrupa and Ruhani with whom she talks a lot. She is a healthy girl, but she feels that she isn't physically strong. She resides in the hostel and keeps herself, as well as her things, neat and tidy. She also takes care of her little sister Namita. She loves eating puris. She takes less interest in academics, but she enjoys studying Mathematics. Her hobby is to draw and do other art works. She has a good hand and keeps trying to get better in her arts. She wants to become an artist.

Mathematics

Chandrika enjoys studying Maths, although she finds difficulty in understanding the concepts. Her hard work compensates for her lack of aptitude in Mathematics. In the past few months, she covered chapters such as Decimals, Shapes, patterns and nets, Geometry basics, Measurement, Perimeter, area, volume, Time and temperature, Mapping skills and Data and has completed the 5th class book. She enjoyed studying these concepts. She understood them and could solve the questions while doing the chapters. She requires a revision of them to gain more confidence. She could easily understand all the concepts except for Decimals and Perimeter and area. She faced challenges converting decimals from fractions and vice-versa.

And in the latter, she took time remembering the formulae of perimeter and area of rectangles and squares and volumes of cube and cuboids. She completed her 5th class book on 6th March and began the 6th class book. She is currently doing the first chapter- Number system. She can read numbers both in Hindu-Arabic as well as international system. She can convert from one system to the other easily. She enjoyed solving questions of arranging in ascending and descending order and of the four operations. She faced challenges understanding the word problems, but shows improvement in solving them.

Science

Chandrika is a shy and quiet girl. She only talks when she has been asked questions. She is a good listener. She is usually focused and attentive in class. She is not open in class and is shy while speaking. She mostly asks her doubts to her friends. She likes writing and doing activities related to science. She does the work given to her very sincerely. While doing projects, she leads and gives many ideas to her team.

Social Science

Chandrika found the chapter of the Mauryas very interesting as she liked reading about the famous emperor Ashoka and how his life changed after the battle of Kalinga. She needs to focus

more in order to do better in her studies. She takes the help of her friends and the teachers whenever required. Whenever she has any doubts regarding any term or any concept, she asks, but hesitantly. She learnt many new terms while doing the chapters and uses them while writing the answer. She made the drawing of Lord Buddha for the chart which her team had made. She enjoyed learning about these chapters more, when shown the videos and after the explanation about the topics. While solving the question from the book, she was able to find the right answers from the book.

Hindi

Nowadays Chandrika studies with greater concentration than before. She is about to complete her 4th book and is now revising for the whole book test. She also studies grammar 3rd book. After understanding the lesson, she answers the questions by herself. Whenever she does not understand something, she asks. If some mistakes are found, then she comes back to correct those mistakes and gets her notebook checked. Her handwriting is beautiful, but she writes very slowly, due to which she is lagging behind. She likes to go to the library and read Hindi stories. Now she reads much better than before. Once a week she tells a story to all the children. She thinks and writes very good stories by herself. She takes dictation easily but makes mistake in difficult words. On the Mother's birthday she did the play of "MOTHER'S STORY" in which she played the role of "NARRATOR". She took time to memorise her dialogues.

English

In writing, Chandrika enjoys composing stories and poems, although her handwriting varies between good and bad. From her textbook, she read stories and did question answers. 'Sometimes, I can answer them easily, but other times, I struggle especially with long question answers. I like answering questions from textbook as they are short answers.' She enjoys storytelling and often copies stories from the book to improve her handwriting. Chandrika is a hardworking child and does all her homework.

Odia

Please refer to the group report.

Computer

Please refer to the group report.

Dance

Chandrika likes to dance. She is now learning kathak. She learns kathak from Suparna didi. She is able to catch the steps very quickly. She sometimes forgets the dance steps while practicing. I practice the steps when didi

tells me to. For Christmas I learnt a dance. For sports day I did dasa avatar. Now she is doing a dance in the song 'bund bund milke bane leher or leher'.

Arts

Chandrika is a dedicated and hardworking artist who approaches her work with sincerity and patience. While she faces some difficulties in drawing portraits and human figures, her persistence and enthusiasm for drawing and colouring shine through. Over the past few months, she has shown great commitment to improving her skills. She has beautifully depicted nature

using warm and cool colours, creating visually appealing artwork. Additionally, she has crafted stars and balls, demonstrating her creativity in craftwork. Though she initially encountered minor challenges in folding as her folds were not well-pressed, she has been putting in extra effort to refine her techniques. With her dedication and determination, Chandrika continues to grow as an artist.

Puzzles

Chandrika loves solving the puzzles. She fixes the puzzles with enthusiasm. She prefers fixing puzzles individually than in a group. She is able to fix the puzzles which has pieces of about 500. She sits quietly during the class and focuses on her work properly.

Games

Chandrika loves playing games. She starts her games at four o'clock with prayers. She takes seven rounds and does exercises like jumping jack, sit ups, joint exercises, side sit-ups, push-ups, windmill, and running exercises to warm up before starting the games. She plays games like minor games, football and basketball. From all the minor games, she loves playing base-kickball the most as she is able to kick the ball far. Her favourite game is football. She enjoys being the goalkeeper when she plays football.

Yogasana

Please refer to the group report.

Shramdaan

Chandrika enjoys doing shramdaan. She indulges in various activities every morning at 6:30 and continues till 7:30. On her kitchen turn, she likes to cut vegetables; she is quite good at it. She maintains a good hygiene while working in the kitchen as she understands its importance. During gardening she enjoys watering the plants and weeding in the school and hostel gardens.

She also does cleaning activities in the school, boys' hostel, girls' hostel and in the toilets in the

hostels. Her common works are sweeping and mopping in the school and hostels. She likes to do all the shramdaan activities and does them sincerely.

Satsang

Chandrika reaches the meditation hall on time for satsang. She enjoys chanting Sanskrit mantras as well as singing various songs and *bhajans* in Hindi, English and Odia. She takes interest in learning new songs. She learns them attentively and enjoys singing them once she has learnt them well. She keeps reminding herself as well as her friends to sit erect during satsang.

Celebrations

Chandrika likes to celebrate festivals and functions in the school. She actively takes part in programmes and shows her talent in dance, drama and singing. She loves performing dance the most. She had fun celebrating the Children's Day. More than eating and dancing at the picnic, she enjoyed learning kayaking. Kayaking was new for her, so initially she was finding it a bit challenging, but enjoyed a lot once she learnt the proper way of paddling. She performed a sargam on 29th November with her classmates. She learnt it in a short period; still she gave a good performance. On Christmas, she performed a dance on 'Merry Christmas'. As she loves dancing a lot and is also a good dancer, she was able to learn the steps very easily. She gave a wonderful performance and had great fun. On 21st Feb; The Mother's birth anniversary, she performed a Hindi play with her group. She narrated the play with a few lines. She spoke her

dialogues fluently and confidently although she was quite nervous. She is trying to overcome her stage fright and progressing towards a positive change. Chandrika had a lot of fun playing with the colours with her friends. She also enjoyed dancing, drinking *lassi*, eating *pani puri* and chocolates. Later, she had a lot of fun in the mud bath near the reservoir.

Sports Day- Chandrika loved learning and performing the Saree Drill with her friends. She was keen in learning because it was being performed for the first time in our school. She performed it very well. She loved the song very much. She also loved the movements and formations in the saree drill.

Educational Trip to Odisha and Bihar
