

Jagriti Jani

DOB- 14-Oct-09

Report for 2022-23

Introduction

My name is Jagriti Jani. I study in Auro-Mira Vidya Mandir. I like to study in this school because it is surrounded by hills, reservoir, trees, villages, etc. I am studying the course of class 10th. My favourite subjects are Maths and Science. I like to play basketball. I have a good relationship with my teachers.

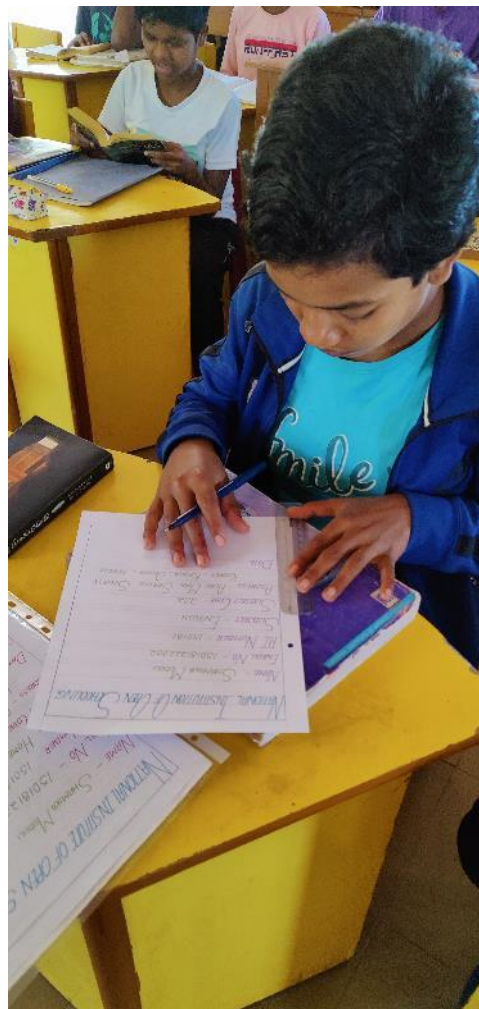

Hindi

In Hindi class, we have completed the 1st and 2nd books of 10th class of NIOS. My handwriting is very nice in Hindi and my spellings are also good. I like to do free reading very much. I always pay attention in the class. Our didi also gives us dictation so that we can improve our spellings. I have done some chapters like 'Bahadur', 'Ise jagao', 'Aahavaan', etc., but my favourite chapter is 'Andher nagari '. Krishna (Aghi) didi had come to teach us and she taught us grammar and tenses.

English

In English, we are doing the 2nd book of 10th class NIOS. We have completed the 1st book. We have also given the tests and I secured good marks. We do question and answers from the text. At present, we are doing the chapter 'Caring for others'. We sometimes do group reading. In the first book, I liked the chapters 'Snake bite', 'My vision for India' and 'Indian weavers'. We have also learnt how to write notices, messages, and letters. I like to read novels. My handwriting and spelling are both good.

Odia

In Odia class, we read, listen to stories, write stories and do the question- answers. I like to attend Odia class because we do self-reading, learn new songs, listen to stories, etc. In Odia class, I like to do question and answers. My Odia handwriting is very nice. We learnt a song on 15th of August called 'Ayi aamo bidya pitho'. Before that, we had done a quiz about Sri Aurobindo in Odia and I won the quiz.

Science

In Science, we are doing the second book of 10th class NIOS. I like to attend Science class because we write notes, do activities, etc. In science we have Chemistry, Biology and Physics.

In Chemistry, we are doing the chapter 'Carbon and its' compounds'. I find this chapter very easy. I also like to tell the IUPAC name of the compounds. My favourite chapter is 'Chemical bonding'. The chapter 'Acid, Base and Salt' was a little tough for me because I couldn't remember the formulas.

I like biology the most because it is easy and I find it very interesting. This time Meeta (Bisen) didi had come to teach us Biology. She taught us 'Nutrition in human beings' and 'Control and coordination'. In Biology, we make diagrams and write notes.

In Physics, we are doing the chapter 'Light energy'. We have just finished the chapter 'Thermal energy'. My favourite chapter is 'Force and motion'. I always do my homework on time. We also do activities which gives proofs about the concept.

Social Science

In Social Science class, we are doing the 1st book of class 10th NIOS. We have completed the geography part and now we are doing History. In History, we are doing the chapter 'Medieval world'. We are about to complete Political science as only four chapters are left. I like to study History the most because I like to study about the past and about the rulers. I also like Geography because we study about the environment and about nature. I find Political Science a bit difficult, but I try hard to understand it. We also write notes to make our understanding of concepts much easier. I always pay attention in the class and I hear properly what Didi is explaining. In the tests, I always secure good marks.

Maths

In Maths, I am doing the 9th class book of R.D. Sharma. Now I am doing the chapter 'Factorization of polynomials'. I gave the whole book test of book eight. At first, I did not get good marks but in the retest, I obtained good marks. I gave the test of 'Factorization of algebraic expressions'. The chapter which I found very difficult is 'Rationalization'. The easiest chapter was 'Whole numbers'. I like the Maths class very much. I also do online class with Rakesh Puri Sir. It helps us very much because we revise again. I solve the questions by myself but sometimes if it is a very difficult question then I always go to Didi for guidance.

Computers

In the Computer class, we do 'Typing master', Excel, logo, painting, etc. Doing 'Typing master' helps me to improve my typing skill a lot. My typing is very nice - to check my skill I bring a book, and by seeing it I type it in the computer. Sometimes we write stories in the computer. I like the Computer class very much.

Art

In the art class we do drawings, painting, quilling, crafts, etc. I like to do painting the most. On Ganesh Chaturthi we made flowers for decorations. We also

make hangings made up of flowers, leaves, etc. I like to make drawings of nature. Now we are making a hanging. We make many things which are used for the decorations. I can also fold papers neatly in Origami.

Dance

I like the dance class very much. I do dances like Contemporary, Jazz, classical dances like Bharatnatyam and Kathak. Once a professional dancer

had come to teach us. He taught us a dance for Independence

Day which I enjoyed doing very much. I have also performed many dances on the stage. We also learnt Street Jazz which was very difficult to learn but I could pick it up. I like to do Street Jazz the most.

Music

I like music class also. I play flute very nicely. I have learnt some new raags like *raag Bilawal*, *raag Bhupali* and *raag Sohini*. I can keep my fingers properly on the holes of the flute. Sometimes for a break, we play songs and we create songs

of our own on the flute. I can play flute fluently when there is a tabla and I never feel bored.

Sports

In games I play basketball, football, frisbee and volleyball. I like to play basketball very much. I always do the exercises properly. I always do running before games. I always come

on
time
and I

play the games properly. I can play basketball nicely but my shooting is not good. I can snatch the ball from my opponent team. I don't fight with other children

and I play a friendly game.

Shramdaan

In shramdaan, I clean the girls' hostel properly - I clean the toilets, sweep the floor, wash the filter, fill water in it, etc. When there is a festival, then the whole school helps in cleaning. To keep it clean we take out spider webs which are outside the whole building.

Sometimes when I get free then I go to plant saplings. Sometimes I go late for shramdaan, which is not good.

Celebrations

On 5th of July I performed three dances. I also did a play with my group called 'Ouch!'. We celebrated 5th July for two days because there were so many programmes. On Ganesh Chaturthi, I did a dance 'Deva Shri Ganesha'. On

Shri Krishna Janmashtami, I did another dance 'Shri Krishna Govinda'. On 15th August, I did a dance which Denis (Barwa) bhaiya had taught us. We also did a play on Sri Aurobindo's life.

On Rath yatra, we did *bhajan* and *kirtan* and we also pulled the *rath* on the road. I also celebrated Raksha Bandhan and

Teachers' Day. I like to celebrate the festivals very much.
