

KAPIL JANI

Age: 4.5 years

Kapil is one of the youngest children in the Rainbow Group. You ask him anything, his response is a smile. He is ever smiling.

Compared to other children, Kapil joined school late in the last term only. He belongs to village Leduguda. He has three siblings 1 sister, 2 brothers.

He chants clearly but not confidently. He can't chant individually.

Kapil sits silently, listens carefully but forgets.

His best friends are - Vikram, Jagdish and Jagriti.

Kapil's regular communication is in Hindi, though he understands English. He speaks very few words in English.

Kapil eats properly, doesn't waste food, but spills food around his plate.

ENGLISH

Kapil is a shy student, always smiling. Since he is younger, he is slow in grasping English language.

He speaks reluctantly. He is learning English songs and

rhymes. He likes the rhymes - Red Is Amma's Bindi.

Both Kapil and Stuti tend to come to class with the same dirty clothes.

He is picking up English well. He responds in mono syllables, giving one word answers. He is encouraged to speak making sentences.

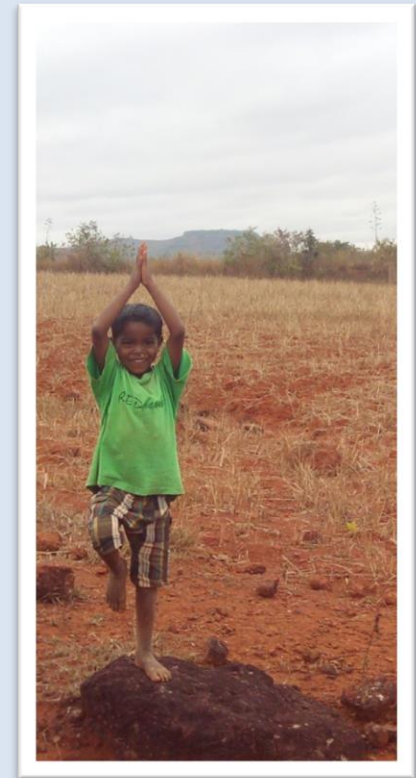

HINDI

Kapil thoroughly enjoyed the alphabet related drawing activity. Sometimes he was able to think of words starting with particular alphabets but at times he had to be supported, then he would come up with relevant words.

Kapil is a hard working boy. When we started writing in the hand writing book, he was slow to pick up so he was lagging behind other children. But he regularly worked diligently and caught up with others.

He has learnt to read two letter words. But whenever he reads, first he responds in English, when asked again then he comes up with the answer in Hindi.

MATHEMATICS

He has improved in Math.

Kapil knows counting up to 100, but he makes mistakes beyond 50. He used to get stuck at

counting after 49/59/69 etc. He has now improved in this area.

He has started to count by 2s and is now able to count backwards from 10-1. He needs more practice with writing the no's from 1-10. He knows the 8 basic shapes.

He is able to do basic problem solving using addition and subtraction.

SKILL DEVELOPMENT

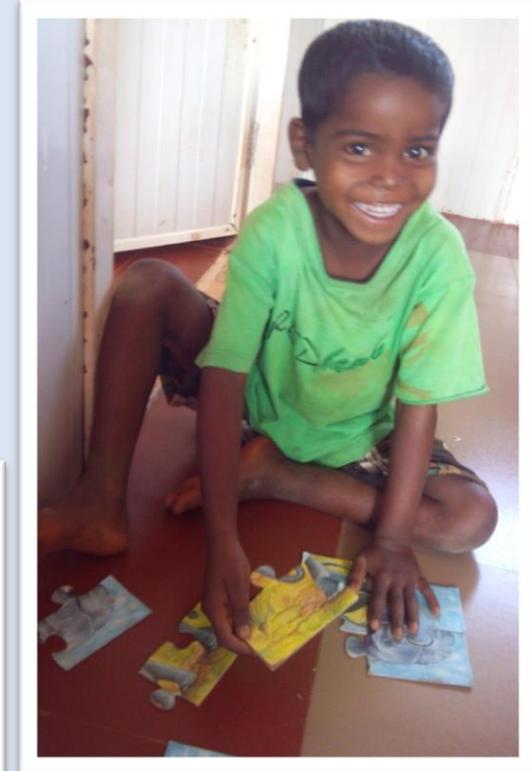

Kapil concentrates while in drawing, cutting and pasting activities. He enjoys drawing, though he draws only a few things like - flower, sun etc.

He tries all types of skill work and does with takes interest

PHYSICAL DEVELOPMENT

Kapil likes field games and exercises. He enjoys the game of football. In fun games he likes hide n seek.
