

Kapil Jani

2021-22

DOB- 31st July '10

My name is Kapil. I study in Progress group. My school's name is Auro-Mira Vidya Mandir. I am eleven years old. I like to swim in the reservoir. I am studying five subjects in school and in games I like football, volleyball, basketball etc. My favourite colour is red, and my best food is noodles.

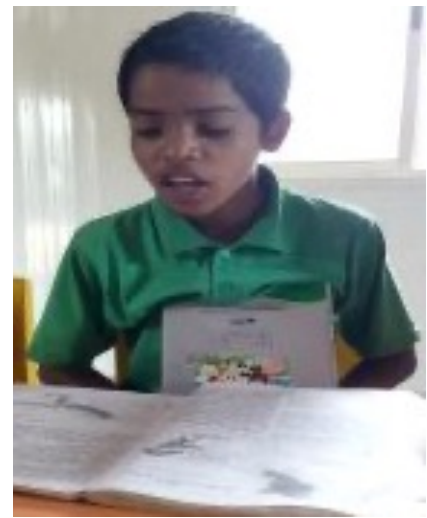

Mathematics

I study math with Jagat bhaiya. I am doing class 6 math book. In this book I find algebra the most difficult. I find decimals easy. When bhaiya teaches me, I don't learn properly because I don't concentrate well and talk with my friends. In test I got decent marks in decimals. Sometimes in math we talk and

laugh but not all the time.

Social Science

I study with Mani Didi and Bhavna Didi. Now I'm doing 7th class book chapter 6. When I do social science test, I get bad marks because I don't listen properly, and I sleep sometimes in class. On Sundays we see a movie about history. I can do the exercises of the chapters well, but I don't do as well in the tests. Some chapters I find easy and some difficult.

Odia

We study with Anuradha Didi and Papa ji. I can't speak properly in Odia but I can read the letters. We sing songs, play games, read and write in Odia. Sometimes Papa ji gives us dictation from the book. I get good marks in dictation. I like Odia classes.

Music

I am learning harmonium from Anuradha didi. Sometimes didi scolds us because we don't sit properly and we don't concentrate. In music class we also sing sargam. Some sargams are easy for me and some are difficult because I don't sing and I fool around with my friends.

Art

We learn with Brishti Didi and Suparna Didi. In art class we do paper folding and we also do drawing. Paper folding is difficult for me because I don't do it well. It is because I don't listen to didi.

Sometimes I can do properly. Art is easy for me. In art class we work with clay and make flowers etc.

Computers

I learn with Lahu bhaiya. He teaches me how to place my fingers on the keyboard. I learn on typing master and my speed and accuracy is very good. In two row typing my speed needs improvement.

Shramdan

We do gardening, school cleaning, kitchen work, toilet and hostel cleaning. I like doing gardening and kitchen work the most. I like gardening because we grow many things. In the kitchen, I like to cut vegetables.

Games

In games we play football, volleyball and basketball. I play

all games well. I like football the most because I play it nicely and we do exercises and running before we start. Sometimes I don't do exercises and running because I feel very lazy. I need to improve my shooting in basketball.

Dance

We learn with Swati didi and Suparna didi. I like to dance. We do many types of dances.

Celebrations

15th
August- We performed a drama on Bhagat

Singh. In that drama I was Chandra Shekhar

Azad. We did the play well.

30th August—We did a dance on Krishna.

Ganesh Chaturthi—In Ganesh pooja we did a play of Ganesh and Kuber.

I took the role of Kuber.

Bhaiya's Birthday—We put up a play of 'Monkey'.

I took the role of a subject of the king of monkeys.

Christmas—We sang a Punjabi song.

31st December— We told many jokes on stage.

The Mother's Birthday— We presented a play- 'Perfect Gift of All'. I took the role of narrator.

Holi— We played carrom. I enjoyed it very much.

Sports day- On sports day we did running, jumping etc. I won in 200m race, jumping and 100m. I enjoyed very much. At the end we got toffees.

Yoga

I don't go for yoga because I wake up very late. Sometimes I have to clean my room and sometimes I go late because I get very bored.
