INTRODUCTION

I am 13 years old. I was born on 29th April 2011. I study at Auro Mira Vidya Mandir. I like studying at my school. I am in 6th class. I study five subjects: Hindi, Maths, Science, Social Science, and English. My favourite subject is Maths. My best friend is Rachna. I want to become an artist. In my free time, I like reading books.

SCIENCE

In Science, I am using a 7th class book. My Science class is from 10:30 to 11:30. I have finished many chapters, including *Nutrition in Plants*, *Nutrition in Animals*, *Weather and Climate*, and *Acids, Bases, and Salts*. I especially enjoyed *Acids, Bases, and Salts* because it was very interesting.

I take notes for each chapter and do experiments in class. Some experiments I have done include *Hydrogen Balloon* and *Oxygen Balloon*. I enjoy experiments because they help me learn new things. Right now, I am studying *Motion and Time*. I like drawing diagrams and writing paragraphs. My handwriting is getting better with practise. I haven't finished the chapter yet, but I really enjoy my science class.

SOCIAL SCIENCE

I am doing the 7th-class book. I have finished some chapters, and now I am studying Geography. Some parts are difficult for me, and I sometimes struggle. Currently, I am learning about *Changes on the Earth*. I liked the second chapter, and one day, Didi showed us a video about a volcanic eruption. Watching the video helped me understand the topic better.

Sometimes, when I cannot concentrate, I find it hard to learn. I read the book again, and then I understand the chapter. I like my Social Science class.

ENGLISH

For English, I was preparing a drama for the Mother's birthday. I practised every day from 11:30 to 2:30, but I didn't enjoy doing the drama daily. I am currently using a 4th-class grammar book, and I am also working on exercises from the same book. I enjoy learning grammar the most in English. I love reading books and stories in English, such as *Panchatantra*, comics, and *Amar Chitra Katha*. I read every day, and right now, I am reading *The Mystery of the Burning Cottage* and *The Wishing Chair*. I also like *The Chronicles of Narnia*. I do group reading with Bhaiya and have learnt about nouns, predicates, subjects, adjectives, exclamatory, declarative, and imperative sentences. When Didi gives us homework, I complete it on time. My handwriting is not neat, but I try to improve it. I like my English class.

MATHS

In Maths, I am doing a 6th class book. I enjoy learning with Bhaiyas and Didi. Right now, I am doing the third chapter, *Factors and Multiples*. My favourite topics are *Number System* and *Roman Numerals*, but I like all the chapters.

My Maths class is from 9:30 to 10:30. I have learnt the divisibility rules, but I sometimes forget them. When I read the chapter again, I understand it better. If I don't understand something,

I ask Didi, and she explains it to me. I took a Maths test and scored 27 out of 40. Every day, I check my notebook to correct my mistakes. Then I move on to the next chapter. My handwriting is usually good, but when I worry about it, it becomes messy. I like my Maths class.

HINDI

In Hindi, I am doing my 5th class book, and I have started working on it. In grammar, I am also doing the 5th class book. I like doing grammar every day. On Mondays, I do free reading. I like to read *Sheikh Chilli*, and my favourite book is *Panchatantra*. When Didi gives us dictation, I like it, but sometimes I find it difficult. Even if I can't do it well, I still try. When Didi gives a word and asks us to write a sentence, I sometimes struggle. If I get it wrong, Didi tells me to try again, and I do. Now, I am preparing for a Hindi test. I scored

29 out of 50 in my last test. I was confused by some difficult words. I also enjoy free reading with Didi. I was reading *Badhte Kadam*, but some words were difficult to spell. My handwriting is not very neat, but I am trying to improve it. I like my Hindi class.

DANCE

In dance class, I enjoy dancing. We learn different dance steps, including *Classical Dance* and *Bharatanatyam*. First, I learned basic dance steps, and now I am practising for a performance on 5th July. Even when I feel nervous, I still try my best. We are also learning a new dance to *Dua Lipa's* song. Right now, I am learning the dance steps. However, I sometimes find it hard to concentrate in dance class. My class is from 2:30 to 3:30. I like my dance class and always attend it.

MUSIC

I enjoy my music class. I learn the flute. Some days, we have fun during class. My blowing technique is not very good, but I am trying to improve. I play *Sargam* alone, and our class starts

at 6:15 and ends at 7:00. I was practising for *Saraswati Puja*, but when Didi asked me to play alone, I stopped in the middle. Sometimes, I practise the flute in my room.

Additionally, I performed *Das Avatar*, which was my favourite part of the event. I loved the costumes, and the postures were very nice. Sports Day was a great experience, and I especially liked the pyramid performance.
