

# Abhay Gouda

**DOB- 30-Jul-06**

## Report for 2022-23 (Fist Term)

My name is Abhay Gouda. I am 16 years old. I study from NIOS (National Institute of Open Schooling). I have taken science as my subject for the 12<sup>th</sup> exams and I enjoy studying it. I'll be appearing for my exams next year in April.

### *Chemistry*

I am studying from my 12<sup>th</sup> class chemistry course book. I enjoy studying chemistry as it's a nice subject. I generally have my classes online and I have covered almost all the chapters and I enjoy the classes. Meeta Didi (Bisen) had come from Lucknow for 15 days to teach us chemistry and it was a wonderful time studying with her. She made us solve the previous years' question papers of 5 years and made us learn

practical notebook.

the equations. We also asked our doubts and studied organic chemistry with her as it is the most difficult part of chemistry and takes time to learn. Now I am revising for my exams. I have also prepared the

## *Biology*

I am studying my 12<sup>th</sup> class biology from the course book. I enjoy the subject very much as it is full of interesting chapters. I generally have my classes online and I have completed my syllabus. Our teacher sends us homework and we do it and send the answers for checking. We ask our doubts in the next class and discuss the answers. Now I am preparing for my exams. I solve the previous year question papers and I enjoy solving them. I have also made my practical notebook, using my free time.

## *Physics*

I study physics also from my 12<sup>th</sup> class course book. I enjoy studying the subject but I give less time for it as I am concentrating on biology and chemistry because I'll be appearing for these two papers first. Like for other subjects we also have the classes online for physics.

## *SHRAMDAN*

### *Gardening*

I love doing gardening. In gardening I take out weeds from the fields, cut grasses, dig the field and water the plants.

### *Kitchen*

I like working in the kitchen because I get vegetables to cut and peel. We cook our breakfast in the morning and generally we cook food like poha, porridge, upma, fried rice, poori, idli etc.

### *Hostel cleaning*

In hostel cleaning we clean our campus where we stay. I sweep the verandas, clean kitchen area and drain.

### *School cleaning*

In school cleaning we clean our school campus. We sweep the school area and clean our groups.

### *Toilet cleaning*

In toilet cleaning we clean our hostel toilets, bathrooms and wash basins.

## *Room cleaning*

On Sundays, at Shramdaan time we clean our rooms. On this day we clean our room and wash our clothes.

## *Food*

In our hostel we get our four meals every day which are breakfast, lunch, tiffin and dinner. I like the food we get here and I enjoy eating every meal.

## *Games*

I love to play football and volleyball as they are my favourite games. I go to play regularly and do exercises and running before games. The games that I play are football, basketball, and volleyball. Football is my favourite. I like playing forward and as defender. I have improved in football, nowadays I play much better than before. I also enjoy playing volleyball and basketball.

## *Celebrations*

Every year many functions and celebrations take place in our school. I usually don't participate in the programmes because most of the times we have classes at the same time. But sometime when there's no class, I go to watch as I enjoy the programmes.
