

Divya Jani

DOB-01-Jun-2011

Attendance-180 days out of 182 days

Report for 2024-25 (Second term)

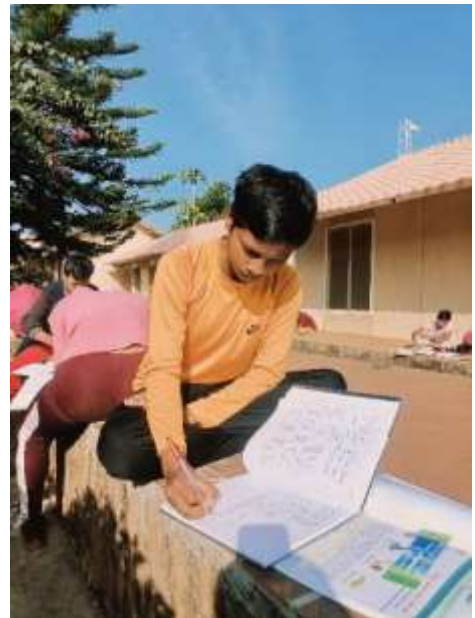

INTRODUCTION

My name is Divya Jani. I study at Auro Mira Vidya Mandir. I have three sisters. My best friend is Karishma. My hobby is singing songs. I am interested in doing maths and science.

SCIENCE

In science class, I am using the Class 7 book of Ratna Sagar. I enjoy science class because there are many things to do and learn. The chapter I am currently working on is Motion, which is difficult for me. I am learning how to calculate speed when time and distance are given, and how to calculate distance when time and speed are given. I also learnt the difference between distance and displacement. I have done many questions where I have to find the

distance when time and speed are given, and calculate the speed when distance and time are given. Bhaiya taught me what a bar graph is. When Didi is teaching me new things, I pay attention, and when Didi asks me questions, I answer. When homework is given, I finish it.

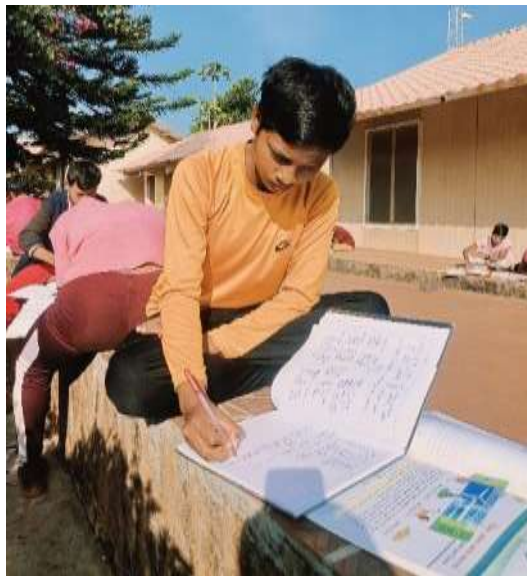

Social Studies

In social science class, I am doing the Class 7 Geography and Class 7 Civics books. I have finished three chapters in Civics and in the Geography book. Before starting a new chapter, Didi

explains it to me. If I don't understand the meaning of a word, I ask Didi. After finishing the chapter, I do the questions and answers, get them checked, and then I take the test for the chapter. When I can't understand, Didi shows me videos to help explain the chapter. Right now, I am studying about the interior of the Earth. We are studying about volcanoes, the different types of volcanoes, and earthquakes – where they originate. We watched videos of volcanic eruptions, seeing what happens due to the eruption. Didi also taught me what epicentres are. When Didi is teaching me new things, I pay attention. Whenever Didi gives me homework, I finish the work.

MATHS

In maths class, I am working on the Class 6 R S Aggarwal book. I attend maths class twice a day – in the morning and in the evening. Currently, I am studying constructions, and I am enjoying it.

Linear Equations in One Variable, Ratio and Proportion, Unitary Method, and Construction were new chapters for me. Ratio and Proportion was a difficult chapter. In Construction, I learnt how to make angles of 60° , 90° , 45° , and 120° using a compass and a ruler. I also learnt how to bisect an angle and how to copy an angle. Before starting a new chapter, Bhaiya makes sure I understand the concept. I enjoy

doing maths. After finishing a chapter, I take a test on it. If I feel I haven't understood it well, I take a retest. When I can't understand a question, I take help.

ENGLISH

I like to attend English class. In English, we do free reading, group reading, book work, and grammar. In free reading, I read the book I have issued when I am free. The name of the book I am reading is *The Mystery of the Burnt Cottage*. While reading the book, I can understand the story. My reading skills are not very good, so to improve them, I read books.

In group reading, we are currently reading *Charlie and the Great Glass Elevator*. After reading each chapter, I like to take dictation. Some of my words are wrong, so I correct them five times. In English, I also did a drama titled *The Shadows*. I enjoyed this drama very much; it was a funny one. I performed this drama on the Mother's birthday. In grammar, I am learning how to change active voice to passive voice.

HINDI

In Hindi class, I have started studying *Basant* of the 6th class. When I finish one chapter, I take a test. I find the poems more difficult than the stories. In grammar, I have almost finished the chapter. First, Didi makes me understand the chapter, and then I do the questions from the book. When I don't understand a chapter or a word, I ask Didi, and then she helps me understand.

In Hindi class, I also do group reading. The name of the book is *Mahabharata*. After reading, I like to take dictation. Some of my words are wrong, so I correct them five times. Sometimes, in Hindi class, we watch the movie *Mahabharata*. I enjoy free reading in class, and I like to read *Amar Chitra Katha* the most. When Didi is teaching something new, I pay attention. When Didi asks me a question, I answer it. When homework is given, I complete it.

DANCE

I have my dance class on Wednesday afternoon. I enjoy learning Bharatanatyam dance. In dance class, some steps are easy, and some are difficult. For Sports Day, we learnt the *Dashavatar* dance. Now, I am learning another dance on *Hanuman Chalisa*. I enjoy doing dance, and when Didi is teaching me the steps, I pay attention and learn them quickly.

ART

In the afternoon, I have my art class on Tuesdays. In art class, I have made a snowman, hanging lotus, hot air balloon, and doodles. I enjoy making drawings and paper folding in art class. I particularly like drawing nature.

ODIA

In Odia class, we do reading, dictation, watch movies, and hear stories. Didi tells us stories, and when I don't understand a word, I ask Didi. Sometimes, Didi teaches us new things, and I pay attention. When I am reading a word I don't understand, I ask Didi. Sometimes, we watch a movie, and then we tell stories to Didi, who helps me speak in Odia.

COMPUTER

In computer class, I do typing, and sometimes Bhaiya takes a test. I have my computer class on Sundays.

GAMES

I do my games in the evening. Before playing games, I do exercise, take rounds of the field, and then we play the games. On different days, we play different games. The games I play are football, basketball, and volleyball. I like playing basketball the most.

MUSIC

On Mondays, I have my flute class. I like playing the flute. On Saraswati Puja, I played the flute. I practised the song in just four days. I really enjoy my music class.

SHRAMDAN

In Shramdan, I do cleaning in the girls' hostel. I do my Shramdan at 6:30 a.m. In Shramdan, I clean the toilet, open drains, and other areas. When my work is finished, I help the other children. On Fridays, we do gardening. In gardening, I water the plants and do ploughing in the field.

CELEBRATIONS

29th November

I celebrated Bhaiya's birthday. On that day, I sang a song *Shubhu Janm Dinam*. I learnt the song in just 10 minutes on the same day. While singing the song, I forgot the lyrics in the middle. But I enjoyed celebrating Bhaiya's birthday.

25th December

On the 25th of December, I celebrated Christmas. On that day, I performed a dance and sang a song. While

dancing, I forgot some steps. I enjoyed celebrating Christmas.

Sports day

On Sports Day, I participated in marching. After the marching, in the afternoon, I performed a dance on *Dashavatar*. I also did a marshal drill. I really liked the Sports Day.

2nd February

On 2nd February, I celebrated Saraswati Puja. On that day, we practised an orchestra, and we practised it only for four days.

21st February

On this day, I celebrated the Mother's birthday. I did a drama titled *The Shadow*. I liked performing in the drama.

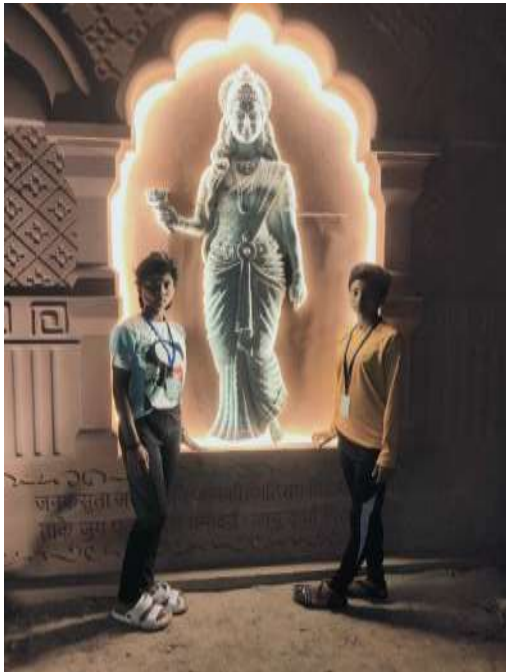

Holi

This is the first time we broke the earthen pot which had been hung at a height and it was really a good experience. There were stalls from which we learnt a lot and also enjoyed ourselves very much. The mud bath was a very interesting event us and we really enjoyed a lot.

TRIP

I started my journey on the 29th of October. I went to Koraput station, then to Bhubaneswar, and later to Simlipal. There, we went on a jeep safari and saw a tiger at Khairi. We also visited Uski Waterfall, Barahi Waterfall, and Jashinda Waterfall. After that, we went to the Lingaraj Temple, where we saw a Shivaling. Then we visited Udayagiri and

Khandagiri caves. Later, we went to the Jagannath Temple at night.

After that, we went to Balasore. On the first day, we visited Panchalingeswar and saw the Krishna Temple. We also went to the Purbi Beach. The next day, we took a train to Gaya. In Gaya, we visited many Buddhist temples and saw the Bodhi Tree. We then went to Nalanda University, where we saw the place where they used to bury the deceased. We also visited Rajgir, where we took a bath in the Rajgir. In Rajgir, we saw tigers, deer, and lions. We then went to the Vishwa Sanchi Stupa by ropeway.

Next, we went to Lucknow. In Lucknow, we visited the *Bhulbhulaiya* and got lost there. After visiting the places in Lucknow, we went to Ayodhya, where we visited the Ram Mandir and Hanuman Mandir. Then we went to Jhansi, where we saw Jhansi Fort and watched the light and sound show. We also visited Jahangir Mahal.

On the last day, I went to see how newspapers are made, and then I returned to Kechla. I enjoyed the trip very much.
