Report for 2024-25(first term)

working through the 5th-grade book, she has covered various chapters but still seeks confidence in several areas. She has improved in reading time and understanding factors and multiples but requires more practice with LCM/HCF and fractions. Individual attention has helped her gain some clarity, but she continues to work on applying these concepts in word problems.

Projects

Chandrika was given to make the map of Kerala and to speak about it. She made the map of Kerala by

Introduction

There are five members in her family: she, her mother, her two sisters, and a brother. She lost her father a few years ago, but she loves her family and enjoys spending time with them. She stays in the hostel, and her brother and sisters also stay there, so she takes care of her younger sister and brother. She keeps herself and her belongings clean and tidy. She has good health, although she catches a cold sometimes. She has a few friends, and her best friend is Ruhani. Her hobby is reading Hindi stories.

Mathematics

Chandrika loves studying maths, taking her time to grasp concepts. Currently

herself as she is very good at drawing diagrams and also about the basic features of Kerala. She learnt about the different states as well but enjoyed learning about Kerala more. She enjoyed learning about the states and their capitals, and about the seven continents and the oceans. She helped in making the political map of the world and to colour it. She faced some difficulty in remembering about the states, but she tried her best.

Science

Chandrika is an enthusiastic child who

enjoys every science class. She is interested in learning about human body parts and their functions. After studying this chapter, she feels she can keep herself clean and healthy. She particularly likes chapters on food rich in vitamins and minerals, as well as teeth and microbes. She can differentiate between different types of teeth (canines, premolars, incisors, and molars) and knows how to brush her teeth properly. She has also studied plants and trees. Sometimes, during experiments, they explore gardens

and jungles for better knowledge. Occasionally, they use microscopes to study the cells of trees and plants, and now she recognizes different cell shapes, such as oval and circular.

Social Science

Chandrika is a hardworking girl who tries to complete her work on time. She is attentive during class. She has a good handwriting and can write fast while taking notes. She faced some problems initially but now can cope with it and overcome it. She hesitates to voice her doubts, but when asked

questions, she is usually able to give satisfactory answers. She has to work much more and increase her vocabulary and improve her spellings. She has a good hand while drawing and can draw beautiful pictures. When they were taken to see the drawings in the ruined building near the school, she made the exact drawing of the picture that was depicted there. She faced a lot of problems while understanding a concept but she tries reading it by herself or sometimes takes the help of her friends.

Hindi

Chandrika is an obedient girl. Her reading speed has notably increased, and she now engages attentively in class activities. Her handwriting has also improved. She has finished 3rd book of GUNJAN. After completing the 3rd book, she gave the whole book test. After getting poor marks in the first test,

she gave a re-test. After working hard, she passed with good marks. Now she is doing class 4th book of GUNJAN.

After understanding the lesson, she solves all the questions and comes to ask what she does not understand and after the work of a lesson is over, she comes to get her notebook checked. She is also studying the 2nd book of grammar. She likes to read different types of stories In Hindi. She also likes group reading. She spends time in creating stories by herself. She likes copywriting. She writes a story every day and gets it checked. While she occasionally struggles with matra's during dictation, she diligently corrects her errors. On 5th July she participated in a play- "ISHWAR KANHAN HAIN" in which she played the role of NARRATOR. She was very happy to do this play because it had a

spiritual story. On 15th August she wrote a poem of 8 lines- MERA BHARAT. She had difficulty in writing the poem.

English

Chandrika consistently checks her work and gives her best effort in grammar, trying hard to improve her sentence construction. She has learnt about punctuation and the different types of sentences. She completes all her homework regularly and shows it to her teacher the next day. While working from the textbook, she struggles a little with long question answers; however, after her teacher explains them again, she performs much better. Her handwriting is neat and clean; she starts every sentence with a capital letter and uses appropriate punctuation at the end. In group reading, she reads *The Water Babies* with her classmates and has her own book for self-

reading. She reads fluently and tries to change her voice during loud reading. In grammar, she understands the lessons better when taught on the board rather than from the book. She is very excited to learn new things.

Odia

Chandrika can read proficiently and writes with good handwriting. She holds a keen interest in learning Odia.

Arts and Crafts

Chandrika demonstrates a keen interest in drawing, often seeking assistance from Jigyasa when she encounters difficulties. She diligently observes and draws a variety of subjects with great care and precision. Over the past few months, Chandrika has engaged in several artistic activities, including making a rabbit box, Rakhi, drawing, and quilling. Her sincerity and meticulous approach ensure that each of her projects is completed with a high degree of neatness and dedication.

Puzzles

Chandrika loves doing puzzles, as she gets to see beautiful pictures after completing them. If the puzzle has more than a hundred or two hundred pieces, she faces some difficulty, but with help from her friends, she tries to complete it. She enjoys solving hundred-piece puzzles on her own, as she can concentrate better that way.

Dance

In dance class, we practice dance at 2:30 on Mondays. I enjoy doing Kathak dance. I take a couple of minutes to learn a new step. On the school's birthday celebration, I performed a dance to the song "School Chale Hum." On Rath Yatra, we performed a dance to an Odia song. On Independence Day, we did the "Jai

Ho" dance. For Janmashtami, we learnt a dance to the song "Meera Ke Prabhu." For Ganesh Chaturthi, we learnt a Kathak dance from Suparna didi. In dance class, I am quiet. We do many types of dances. I enjoy dancing because when didi teaches us new steps, I pay my full attention and learn them quietly. Dance class happens on Mondays, and I have a lot of fun and

enjoy it very much. I have learnt the names of the fingers in Sanskrit and I also know some mudras of classical dance. I have learnt some steps of Kathak dance and I am now refining them with perfection with Suparna didi. I know the Bhumi Pranam of Kathak dance and Bharatnatyam.

Shramdaan (Work Offering)

After yogasana, Chandrika engages herself in various shramdaan activities. She does cleaning work in the girls' hostel, boys' hostel, the school, toilets, gardening, and kitchen work. She likes all the shramdaan activities except gardening, as she doesn't enjoy pulling out weeds from the garden. Her favourite shramdaan involves cleaning the filters in the girls' hostel and fetching water to fill them. She likes doing this shramdaan with her partner Chhaya. She listens to the elders and does the assigned work sincerely.

Yogasana

Chandrika goes for yogasana regularly at 6 in

the morning, but she needs to be punctual for it. Her body is quite flexible, and she loves doing yogasana. She performs the joint exercises and the asanas as perfectly as she can because she wants to make her body even more flexible. She can easily perform many asanas such as paschimottanasana, halasana, and dhanurasana. She enjoys doing the asanas in the Surya namaskaar (Sun salutation) and is making significant progress in improving her flexibility.

Games

Chandrika is in the Boron group during games period. She reaches the field on time but does not attend games regularly, especially when it rains. Chandrika does her running and exercises to warm up her body before starting the games. She plays various games such as basketball, football, dodgeball, and base-kickball. Her favourite game is football, and she loves kicking the ball hard while playing. She has shown improvement in her kicking skills.

Satsang

Chandrika is mostly on time for satsang. She takes an interest in singing and enjoys singing bhajans and other Hindi and English songs. She enjoys it even more when they learn a new song, which she learns with enthusiasm. However, when she finds the songs too slow, she gets bored and sometimes feels sleepy.

Competitions

Chandrika took active participation in singing, art, and kavita writing competitions. She tried her best in all the competitions. Although she did not win any prizes, she was happy to take part in these competitions, as she got to learn something new.

Celebrations

Chandrika loves participating in programmes and celebrations. She enjoyed performing a play and a Kathak dance on the school's birthday. She narrated the story of the play 'Ishwar kahan hain' and had a few dialogues that she could memorise quickly. She spoke her dialogues confidently and clearly on stage and performed the Kathak dance well. She enjoyed learning and performing on stage, although it took her time to learn the steps. Chandrika also took part in other dance performances with her group. She performed the Kathak dance in front of the rath during Rath Yatra. She also had a lot of fun dancing to the song

'Hataare Badhi' during Bahuda Yatra. Additionally, she danced to the song 'Jai Ho' on Independence Day. It was a contemporary-style dance, which she enjoyed. She performed another Kathak-based dance on the song 'Mira Ke Prabhu' during Janmashtami. She had great fun performing another dance on Ganesh Chaturthi to the chant 'Vakratunda Mahakaya'. Although it took her time to learn the steps, she worked hard and learned from her friends to perfect her movements, enabling her to perform well on stage.
