

## **Anushka Gouda**

**Date of Birth – October 3, 2016**

### **Report for 2022-23**

Anushka likes to go to school and comes daily. She is a neat and clean child. On rainy days she always takes leave from school. She is able to do all her personal chores by herself. During mealtimes, she usually eats well but sometimes wastes food as she does not like some vegetables. Anushka loves to eat curd as it is her favourite. During meditation, she sits quietly and chants all the mantras in a loud and clear voice.

Sometimes she takes the lead in chanting of the mantras.

### **GAMES**

Anushka is a healthy and energetic girl who has a good thinking and observation power. She plays all the games with a lot of interest and intelligence. She also enjoys doing exercises and is good at running. She is always happy while playing but if she doesn't like the game or doesn't enjoy it, then she just sits down and shows her displeasure by making funny faces. She does not cooperate with her peer group, fights with them and is always complaining against her peers.

## LANGUAGE (English)

Anushka has recently started to enjoy the English class. She sits quietly and listens to the stories eagerly and attentively. She is the first to answer when didi asks her. She has improved her pronunciation. She asks questions when she has doubts and if she has not understood, then she asks the question repeatedly. She is eager to learn the names of the pictures she is being shown. Anushka loves the books which have big pictures. She is able to understand the stories properly because she concentrates and listens with a lot of attention. She has a good retentive power and remembers the stories that she hears.

She knows the basic concepts. She knows opposite words and can also identify the colour of the objects shown to her. She participated in the play, “The Enormous Turnip” in which she got the role of a narrator. She loved doing the play. She learnt her dialogues very quickly. She has learnt two poems, “chai chai coffee coffee” and “Old McDonald had a Farm” and she sings these poems very beautifully in a loud and clear voice and enjoyed learning them. She likes to learn new songs and poems

## LANGUAGE (Hindi)

She is an attentive, active and curious child who has the ability to learn new things easily. She can sing well and she remembers the lines of the songs very quickly. She can recognise different colours and knows their Hindi names. Anushka is a talkative girl but she is very focused and attentive while listening to the stories that are being narrated in the class and so, she is able to reproduce these stories with ease. When didi asks some questions related to the story, she makes an effort to answer them. She also has the ability to create good stories by herself. Anushka has no hesitation in asking the meanings of the words which she does not understand. She has started taking part in short Hindi dramas and took part in a play performed on Janmashtami Day and played the role of a fruit seller. She was able to memorise her dialogues quickly and spoke in a loud and clear voice. These plays help in her language development. At times, she is distracted in the class and disturbs the other children.

## MATHEMATICS

Anushka is an attentive and active child and has learnt colours with rangometry drawings and scribbling with crayons. She helped in decorating the group. She has learnt forward counting and backward counting till hundred and can do it with ganit mala. She can do object counting and after numbers and before numbers till twenty. She can show the numbers on Ganit mala till hundred. Anushka is in a hurry to learn everything and then she gets bored and distracted and starts disturbing her friends. She has a good memory and understanding power.

## CO-CURRICULAR ACTIVITIES

She has a good concentration power and likes to draw nature-like birds, trees, clouds, flowers, etc. She always makes sky on earth and mountains in the sky. She can draw pictures of the sun, mountains, flowers and grass. She uses only one colour to colour the pictures. After filling up colour in the pictures, she crosses the lines. She can do

paper collage activity very fast as she tears the papers very quickly. In quilling, she rolls the quilling strips very fast and can make beautiful designs out of it. She is very patient while doing her work. In paper folding Anushka tried very hard and made a boat. But after finishing her work

she doesn't keep her things back in their respective places. She does not like to dance. She likes to join her friends but after some time she feels tired.

## CELEBRATIONS

Anushka likes dressing up and likes to wear the different costumes that she has to put on for the plays. She loves to get ready for the programme like wearing the costumes, putting bindi and putting make-up on her face. She remembers her dialogues very quickly during the rehearsals but when she goes on the stage, she gets shy and just wants to finish her part and get off the stage quickly somehow. She does not look at the audience to make eye contact while performing. Her dialogue delivery is in a loud and clear voice.

On 15<sup>th</sup> August, she recited a poem written by Sri Aurobindo- "A TREE" and participated in a dance on the song "nanha munha rahi hu" with her peer group. On 31<sup>st</sup> August, she sang a Ganesh bhajan "Jai Ganesh" with her friends.
