

MADAN 11.5 YEARS OLD

NEW CREATION GROUP - OCT'14 TO MAR'15

Madan interacts very little with girls in the group. He is able to express ideas and opinions but speaks very fast.

Sensitive to differences, he delivers a job effectively. He likes to participate in different school activities.

An appreciable trait, values ideas and qualities of others. He does his work effectively. Also displays originality of ideas.

ENGLISH

Has started showing a lot of interest in class and speaks almost completely in English. He loves to use new words he has picked up, and makes efforts to incorporate them in his writing too.

Very observant to stories, his spellings are steadily improving. He needs to make shorter sentences while writing but his stories are still among the most interesting to read.

Good at translation. Most notably he is getting over the slight speech impediment he used to have and talks confidently.

MATHEMATICS

Madan is very focused while doing Math. He is always in a hurry to finish his lessons and exercises, rather than gaining a clear understanding.

MADAN 11.5 YEARS OLD

NEW CREATION GROUP - OCT'14 TO MAR'15

He makes many calculation mistakes. But he is very open to accept his mistakes and ready to rectify them.

Currently he is doing Book-VI, still he needs to be confident doing different concepts.

HINDI

Madan is a very intelligent boy. He is a quick learner. He likes to read with dramatic expressions. He found the Mahabharat story rather interesting. He understood all grammar concepts quickly and did the exercises as well. He needs to further improve his handwriting.

SANSKRIT

Madan is good in memorizing the conjugations and declensions learnt. He is good in sentence making. At times he needs reinforcement for some difficult words.

ODIA

Madan is a good learner in Odia. He can read and write independently except for some new joint words. He is rarely irregular in the class as he tends to play. His pronunciation is like his native language. He is encouraged to develop better study to improve his performance.

SCIENCE AND TECHNOLOGY

Madan is a quite boy. He concentrates on his work. He never talks to others during the science class.

On Pranjal bhaiya's birthday for the science exhibition, he made a working model of a hand pump using a tube and balloon. He learnt about copper lapping (the way a goldsmith makes jewelry and how iron is galvanized).

PROJECTS AND ACTIVITIES

Very bright and competitive. However, his inclination to impress others at times cost him dearly. He has a rather disturbing disposition of being tyrannical and unkind.

SPORTS

Madan is a child who has shown the most improvement in the last six months. He used to lack confidence but is getting very good at football in all areas - dribbling, ball control and finishing. He is a regular goal scorer these days.

In volleyball he uses his reflexes and manufactures his own methods, will get better with time.
