

# Madhurika Gouda

DOB-26-Oct-16

Report for 2022-23

(First Term)

Madhurika is an active child. She is quite regular to school and comes with neatness and cleanliness. Sometimes she takes holidays. She eats all foods and vegetables and can wash her plate by herself after eating. She can use the toilet properly. She enjoys doing chanting and singing. While chanting she sits very

nicely without disturbing others. She has a loud and clear voice.

## GAMES

Madhurika is a good and an energetic girl. She likes to play and do exercises. She is always happy while playing. In the beginning when didis make them take rounds, she obeys them. While playing games she runs less. She needs to improve her stamina as she is irregular for games. Her favourite games are

- Chain game
- Crab walk and
- Tom and Jerry

## LANGUAGE (Hindi)

Madhurika loves to sing the songs having actions. But she is unable to pronounce some of the words. When she is attentive in the class then she learns the lines quite easily. She likes the song “O sweet Mother”. She likes to listen to the stories while looking at colourful pictures. When didi asks some questions, she is able to answer them. Her creativity is not that good but she tries her best and creates and tells stories of 4 to 5 lines.

For her language development she practises some short plays and she performs them in the assembly. She takes time to memorise the dialogues as she finds it difficult to pronounce some of the words clearly.

## **MATHEMATICS**

She is an active child. During these 6 months she has learnt the identification of colours. She can count backwards and forwards till 20, with ganit mala and other objects. She is always distracted during activity time, and she talks a lot in the class. She takes her own time to learn the things which are being taught.

## **LANGUAGE (English)**

She likes to sing rhymes with action. She has learnt many rhymes like “Chai chai coffee coffee”, “Old Mac Donald had a farm”, “One two three four five”, “Teddy bear teddy bear” and many other rhymes. She likes

to sing all these rhymes with actions. She likes

listening to the stories read out by didis, mostly animal stories. She listens to the stories very attentively and nicely answers the questions. She sings the rhymes in a loud and clear voice and she likes to do the action of “Red is Amma’s bindi” the most. She enacted in a play “The enormous turnip” and performed it in the assembly. She had taken the role of the turnip. She enjoyed performing this play a lot.

## **CO-CURRICULAR ACTIVITIES**

Madhurika likes to do drawing and scribbling with crayons on paper. She likes to draw nature (trees, flower, grass etc). When she draws the picture and her paper becomes dirty, she tears the paper. She also likes to do paper folding, collage, paper

cutting and pasting and quilling. While doing the activities she gets distracted before finishing her work and also disturbs her friends, by

talking and moving around. She can only give the shapes of

trees and flowers and would rather draw circles and colour them. After finishing her work she needs to learn to keep her things back in their respective places. Her fine motor skill

are yet to be developed. She enjoys music and dance but after some time she feels tired. She only likes to dance on village music.

## CELEBRATIONS

Madhurika feels excited just before the programme starts. She likes to wear the costumes and get ready for the programme. She likes to do plays but takes time to memorise the dialogues. When she comes on the stage, she looks around at the decorations instead of looking in front at the audience. Sometimes she forgets her dialogues on the stage. Her voice is loud and clear.

On 11<sup>th</sup> August she celebrated Raksha Bandhan with all her friends. She made a quilling rakhi for herself. On 15<sup>th</sup>

August she took part in a poem recitation “A tree” and did a dance on “Nanha munha rahi hun” with her friends. On 31<sup>st</sup> August she sang a Ganesh bhajan “Jay Ganesh” with her group.
