

# TAPAN MUDULI

2021-22

DOB- 20<sup>th</sup> May'14

## Math:

Tapan took time in learning the forward and backward counting with his group as he was not in touch for two years due to the lockdown. But he was one of the fastest in counting. Initially he found it a bit tough to learn backward counting, but later he was very fast at it. He could point out the numbers very fast on the ganitmala and when a number was shown, he could say it very easily. He can add one-digit numbers. For recognising the numbers, he was fast in learning with a song. When we called out any number, he was able to show it very fast. He did skip counting of two till twenty, but later he saw the pattern and could skip till hundred. He also did with flash cards but was slow in showing the numbers and some numbers he didn't recognise properly.

## Project:

He learnt how to draw pictures of vegetables. He helped his friends to make vegetable chart. He was very happy to learn vegetable song. During presentation he did action in the vegetable song. He did not hesitate to dance on the vegetable song. His favourite vegetable is sweet potato and potato. He learnt the names of the animals and made animal chart with his friends. He learnt how to make animals with clay and gave beautiful colour to it.

## English:

Tapan is a quite boy. He speaks very politely with his mates. He happily learns in the English class. His favourite songs were the Christmas carols they learnt, but he did not remember properly. He is not able to speak in proper English. He creates good stories using his drawings and narrates them in English mixed with Hindi. He is not confident in recognizing the letters and their sounds. On the play on 29<sup>th</sup> November, his role was purple colour. He made some sentences but took much time. After that he spoke very well.

## Hindi:

He tries to narrate stories but he gets nervous while speaking. He is not able to create stories, but he tells the stories that he has heard from didi. His voice is not very clear, is very soft and is very difficult to

understand.

## Art & craft:

Tapan makes the drawings very small, and he fills the paper. Sometimes he takes too much time. But he colours the drawing nicely.

## Games:

He likes all games and plays well. He climbs hills very fast and can run without getting tired. He does the asanas well. He is flexible and can-do stretching exercises easily. He has a good stamina. His favourite games are fun games like ice and water.
