

# Tapan Muduli

DOB- 20<sup>th</sup> May'14

Attendance- 183 out of 183 days

Report for 2023-24 (First Term)

## Maths

Tapan is a well-behaved student studying 3<sup>rd</sup>-grade maths. He listens attentively in class and actively participates in discussions. He is studying measurement and has learned unit conversions, measurements of weight, height, and

various activities. He sometimes needs clarification but strives to answer questions correctly.

## Projects-

### Birds

Tapan has boundless curiosity about birds and their contributions to daily life motivated him to participate in the topic. During bird-watching sessions, he observed **many** local bird species and honed his skills in recognizing them by their calls. While he was sometimes slower in providing responses, he actively attempted to answer

questions in class. He displayed an eagerness to learn new terms related to birds and to understand distinctions among bird types, habitat, and adaptation concepts. His contribution to the group's book, featuring vibrant bird illustrations and descriptions, demonstrated his dedication to the project. His enthusiasm for learning about birds further grew through bird documentaries, where he gained insight into birds' prey, habitats, adaptations, and various species and enjoyed it a lot.

### **Occupation**

Tapan wanted to know about the fireman and how they help people to escape when there is a fire in a building. He read many things about the fireman and made his own sentences and did a role play on it and presented it to his friends. When he is asked some questions, then he takes a little time to answer but he tries his best.

### **Hindi**

Tapan has shown significant improvement in reading. He has finished writing the alphabets and successfully performs dictations. His handwriting is good, but he needs to further improve his spelling. He has started creating stories but may

make errors in sentence structure. Tapan consistently has his notebook checked. In grammar, he finds enjoyment but may face difficulties in some questions. However, he doesn't hesitate to ask for clarification and perseveres. He particularly enjoys "Varna Vichhed." Tapan takes time to learn songs and poems but diligently repeats lines after the teachers. He is also learning Havan mantras, facing difficulties in pronunciation but making determined efforts.

## English

Tapan is a cheerful and always-smiling student. He consistently completes his homework for the English class and gets it checked. Tapan has a keen interest in self-reading. When asked to share a story, he takes his time to narrate it. He has participated in dictation, reading, and storytelling. Tapan dedicates himself to one page of handwriting practice and gets it checked. His handwriting requires some improvement, and he reads a bit slowly. He is proactive in seeking assistance when encountering challenging words.

Tapan needs to work on his pronunciation, as some words are challenging for him. He should focus on being attentive in class to grasp words correctly. Tapan is often drowsy in class, and although he doesn't always understand what is being taught, he enjoys watching English movies. His role in plays typically involves memorizing shorter lines.

## **Odia**

Tapan approaches his activities with a smile, although he needs to improve his concentration in class. He speaks very little in Odia but makes an effort to do so. While he may arrive late to class on occasion, he takes interest in learning and playing games. Tapan has also learned the names of body parts and remembers them clearly.

## **Arts and Crafts**

Tapan appreciates art class and enjoys creating diverse drawings, including those of nature, birds, and fruits. He excels in colouring and drawing, primarily using oil pastels and crayons. Tapan's focus and quiet demeanour contribute to his neat and happy artwork, although he occasionally becomes distracted and works in a messy fashion. His drawings often feature birds and nature themes.

## **Puzzles**

Tapan is a dedicated and enthusiastic child. He is skilled at completing 70- and 60-piece puzzles, especially when

he finds them engaging. Tapan thoroughly enjoys working on puzzles and does so with great enthusiasm.

### **Games and Sports**

Tapan is in the Nitrogen group. Tapan is a very peaceful boy. He hesitates to do warm up. He likes to play football and always be the goalkeeper. He needs to improve his kicking skills and he tries heading the ball. He kicks the ball very eagerly but doesn't pass the ball to his mates. He enjoys all the fun games.

**Trip-** For more details, refer to school report.
