

# Tapaswani Gouda

DOB-05-Oct-16

Annual Reports for 2023-24 (Second Term)

Annual Attendance 347 days out of 366 days

## Introduction

Tapaswini is seven years old. There are a total of seven members in her family. Her father is a farmer and mother is a housewife and all her siblings are studying in the same school as Tapaswini. She belongs to a hamlet called Girlaguda

which is two kilometres away from the school. She stays in the hostel.

## Project

**Flowers Topic:** Tapaswani expressed a liking for the flower topic, showing interest in extended learning periods. She participated actively in activities like flower observation and drama performances, showing care in handling plants.

**Animals Topic:** Tapaswani demonstrated a strong interest in clay modelling, creating animal figures like foxes independently. She actively engaged in drawing animals and showed progress in understanding animal anatomy.

### **Clothes:**

Tapaswini showed great enthusiasm for the topic of clothes right from the beginning. She exhibited excitement upon seeing various types of clothes displayed in the group, correctly guessing that it would be the next topic of study. Her skill in putting buttons on shirts was commendable, demonstrating her attention to detail. Although she initially took some time to grasp the concept of

folding clothes, she eventually mastered it successfully. During activities such as racing games involving clothes, she actively participated and enjoyed herself. Tapaswini displayed creativity by crafting origami clothes like frocks, lehengas, shirts, and pants, with neatly folded and precise folds. She also learned a song about clothes and performed it beautifully with accompanying actions. Additionally, she engaged in colouring activities related to clothes, demonstrating her understanding of various clothing items. Overall, Tapaswini showed a keen interest in the topic and actively participated in various related activities.

## Math

Tapaswini is good in doing maths and gets very interested in it. She does the calculations so fast and is the first one to answer the question that is asked. She gets nervous sometimes, but she enjoys doing math. She is very good at showing the numbers from one to one thousand. She takes time in showing the three-digit numbers but it is very easy for her to expand and say the numbers of three and two digit numbers. She can understand the word problem sums but takes time in solving them. Her mental addition is very good of two digits by one digit and two digits by two digits and also

three digits by three digits but without carrying.

## English

Tapaswini loves to listen to stories. After listening to the stories, she is able to answer the questions that are asked to her. Now she has started reading, so she can recognize all the capital letters and the small letters. She is having a bit problem in recognizing b and d in small letters. She can pronounce all the sounds of the English alphabets of single letters. But with two letter sounds she gets confused sometimes. But she is very quick in learning new things and is also very interested.

## Hindi

Tapaswini enjoys singing songs and listening to stories in class. While she takes time to retell stories, she is making progress in learning Hindi letters, although identifying them remains a challenge. She has also started reading some words, albeit slowly.

## Art

Tapaswani is a sweet and polite girl who values punctuality. Despite finding paper folding challenging and occasionally expressing frustration, she produces excellent results. Her drawings are meticulously crafted with excellent finishing touches, often including borders.

## Dance

Tapaswini approaches dance class with diligence and performs each step with precision. She is open to exploring different dance styles and actively participates in class activities. She prioritizes her joint exercises to ensure safety during dancing.

## Puzzle

Tapaswani tries to solve puzzles with her friends but often sits and looks at others. She doesn't disturb other children and quietly does her work. She does the puzzles by herself and of 80 to 100 pcs.

## Sense

Tapaswani embraces the learning opportunities in senses class and approaches tasks with patience and a willingness to assist others. She enjoys games and nature walks, and her neat and clean work reflects her commitment to excellence. Her quiet demeanour and focus on the tasks add value to the class dynamic.

## Games

Tapaswini displays punctuality and activity during games, participating in exercises and games like Chain game and hide and seek. She demonstrates proficiency in jumping activities and shows improvement in running.
