

# Khagendra Muduli

**DOB-12-Apr-08**

## **Report for 2022-23 (Second term)**

My name is Khagendra. I study in Auro-Mira Vidya Mandir. I like to play and study and do all the activities done in the school. I share my things with everybody. I am also kind-hearted to everybody. I am in tenth class now. I live in the hostel with my friends. In the school I love to eat food.

### *Hindi*

In Hindi class I am revising the chapters and giving the tests. And in the tests, I am doing well. I also solve the previous years' question papers. Sometimes we also go for reading to the library. I like to read many books like Panchatantra and other storybooks. I like to silently read the storybooks. We also learnt grammar. In grammar we learnt paragraph writing, letter writing, etc. Sometimes I revise the chapters. My handwriting is improving and in dictation I make many spelling mistakes.

## *Home Science*

In home science class we are revising the chapters of both the books. I have also solved many question papers of home science. We give the tests of the chapters that we have revised. I like to do home science very much because there are easy chapters, and it is also easy to understand.

## *English*

In English class I am revising both the books of English on my own. I

have also solved some question papers of English. We also learnt some grammar like active and passive, notice writing, report writing, direct and indirect speech and message writing. Sometimes I go for reading books to the library. My reading is good. I like to silently read the books. My handwriting is good in English.

## *Data Entry*

In data entry class we are revising the chapters ourselves. In data entry class I like to write notes

on these chapters. The chapters I felt easy are Basics of computer, Operating systems and Basics of word processing. I love to do data entry class because in data entry I like to do PowerPoint, excel and

typing master and drawing. I also solved some question papers of data entry. I also like to do question and answers of some chapters in data entry.

### ***Social Science***

In social science we have completed history and have given tests of all chapters of history. In social science class I love to do history and geography. Now we are revising for our board exams. Sometimes Bhavna didi gives questions of civics. I don't like civics. We also solved some question papers of social science. Sometimes we also watch videos related to history.

### ***Games***

In games we are playing football, volleyball and other games. My favourite sports are football and volleyball. I like to play very much. I am in A group in games. On Thursdays and Mondays, we all mix up and play football. In football I like to defend and kick the ball. Nowadays I am improving in football. Sometimes I don't like to play basketball because I cannot shoot properly. And it also hits my finger. In football I have to practice and improve other skills like shooting and dribbling. On sports day I did many activities like running 100 m race and. On Sports day I did pyramids. I liked all the pyramid formations.

### ***Shramdan***

In shramdan I like to do gardening, toilet cleaning, kitchen and school cleaning. I am in E group in shramdan. In our group there are 13 children. In gardening I

like to do works such as watering the plants and digging the field. In kitchen I like to cut the vegetables and I like to bring water from the handpump. In shramdan I don't like to do hostel cleaning. I like to do school cleaning very much.
