Report for 2024-25 (Second term)

Introduction

Manisha is six years old. She needs to improve her attendance. She loves singing and

always keeps smiling. She comes to school from home.

Project

Shapes topic

Manisha loved making different shapes and creative structure using jodo

straws. She quickly learns new concepts. She was fast in learning the songs of different shapes.

Insects topic

Manisha enjoyed watching videos about insects. She did the drawings of various insects with interest. She was happy learning insects' song. She showed curiosity, actively asking questions. Manisha confidently answered questions about the topic.

National Symbols topic

Manisha learnt the national peacock song and national flower (lotus) songs quickly. She enjoyed drawing national symbols. Her drawings were neat and well done. She knows the names of symbols and was curious watching the video of national flower.

Math

Manisha demonstrates a strong understanding of place value concepts, showing great potential in this area. She can recognize numbers up to 1000 and can write numbers accurately till 500 using Hundreds, Tens and Ones. Abacus is challenging for her, but she has understood the concept of two codes. Though her calculations are slow, she is confident to represent numbers up to 100 in the Abacus.

She likes interactive methods in the class like games, and puzzles.

She plays the addition and subtraction games with interest. However, she is still working on improving her speed with these operations. This may be due to her irregular attendance, which could have affected her practice and fluency.

English

Manisha has shown great progress in her learning. She is able to arrange letters correctly and has successfully

learnt the sounds of the alphabet. During story time, she

listens attentively and makes an effort to answer questions. She

displayed a keen interest in learning alphabet songs with actions and quickly memorized the lyrics.

Art

She is a very good girl and she is also interested in doing all the activities which are done in the group like puzzles, paper folding and drawing. While doing drawing she finishes her works very neatly and cleanly. In the puzzles class she can do 80-90 pieces of puzzles all by herself and while doing paper folding she is about to follow the step done by the teachers and she also helps her friends.

Games

Manisha has started coming on time. She has improved in games. She loves to play with her friends. Her favourite game is chain game. She is active and plays all the games they play.
