## **Report for 2022-23 (Second Term)**

### **INTRODUCTION**

Manisha is a cute little girl and she like to talk very much. She is about to turn 5 years old this year. She tries to be regular to school, but has made only few friends till now, as she doesn't like to make friends. She likes to participate in all the activities which they are made to do in the classes. She actively takes part in the all the

classes. She behaves properly with everybody in the class as well as others in the school. She has some general

knowledge about cleanliness which is very apparent as she comes to school becoming neat and tidy and wearing clean clothes. She likes to eat only rice and dal here in the hostel and she is encouraged to eat

vegetables too.

### **MATHEMATICS**

She stays attentive during the class and tries to answer the questions asked to her. Sometimes she gets distracted by some other children and she is reminded to pay attention in the class. She can count till 20 confidently

and needs to learn till 30. She likes to count with the objects and also likes to do other maths activities that they are made to do in the class. She needs to be faster in doing the activities although she is always trying to give her best.

### **ENGLISH**

She likes to listen to the stories told during this class. She is able to pay attention and stays attentive during class, so she is able to answer any

question that is asked in between. When she is asked to retell a story that has been told to them, she tries to tell even if she can tell only few lines. She feels confident while speaking. She has learnt the English names of some of the flowers, fruits and

vegetables which are easily available around us or we are using most of the time. She has learnt the names of some of the body parts as well, such as head, shoulder, knees, toes, mouth, eyes and ears.

## **DANCE**

During the dance class, she always observes the teachers very well when they dance and tries to follow the steps and learn the dance. She takes a lot of interest in dance and enjoys dancing a lot whenever she gets a

chance to dance. She dances freely on the stage whenever she is performing.

## **CHANTING AND SINGING**

While chanting she is able to sit properly with her eyes closed. While chanting she finds difficulty in pronouncing some of the words but she always tries to improve herself. She tries to chant

the mantra loudly and clearly whenever she does any chanting.

She enjoys singing various songs and rhymes a lot together with the rest of the children of her group as when they sing together

they all sing with lot of enthusiasm. She also enjoys doing the action of the songs while singing them.

### **PUZZLES**

While doing puzzles she remains quiet which helps her to concentrate and solve them fast. She likes to solve the peg puzzles of animals,

during the games time. She loves doing running and exercising the various parts of her body. She also enjoys playing all the games which they are made to play such as Fire on the mountain, Chain game, Mouse and the cat, Hide and seek, Tag. Her
