

Jahnvi Gouda

2021-22

DOB- 15th July'14

MATH:

Jahnvi joined the group very late. She is still trying to cover up with others. She has learnt forward and backward counting till 100, in

between numbers and place value through objects. She still needs more clarity and more practise to do it faster. She practises forward and backward skip counting by two with Ganitamala. She is gradually improving in her language. She has learnt before and after numbers till 20. She is able to do 1-digit mental addition and recognise written numbers till 9.

PROJECT:

Jahnvi is slowly getting more articulate. Her concentration span is increasing very gradually. She learnt how to draw vegetables and coloured them. She helped her friends to make vegetable chart. She remembered her dialogues for the presentation. She makes an effort to understand the concepts.

During presentation she was a bit nervous. Her favourite vegetable is sweet potato.

ENGLISH:

She listens to the stories quietly and is gradually increasing her understanding. She answers back in English when didi asks a question in English. She makes an effort in creating stories and also making drawings related to the topic. She is happy to learn English songs and joyfully sings them.

On 29th November, bhaiya's birthday, she participated in a drama "the elephants crown". She had taken the role of an elephant. On The Mother's birthday, her group had performed a

drama "the sun moon and wind". In this drama she had taken the role of guest.

She has started recognising some letters and is now learning the sounds related to these letters.

HINDI:

She can tell stories well in a loud and clear voice. She creates the stories but feels shy in narrating in front of all the children. She has learnt the vowels of the Hindi alphabet. She can easily recognize the letters and she is clear with the sounds that letter gives. She can make out the word starting with the letter and is also able to make the sentences using the words that are given to her. She likes to listen to stories.

ART & CRAFT:

Jahnvi quietly does what is given to her, and her drawing, colouring and finishing is done neatly and looks very good. Her creativity is also good.

GAMES:

She enjoys doing all physical activities but when we did a running competition, she got scared and nervous, then she started crying. She enjoys basic yoga asana with stories. On sports day she stood in front of the audience. She performed very confidently and properly. Her favourite physical activity is yoga asana.
