Age: 5.5 years

Urvashi is one of the more smart and intelligent children in our group. Very often seems to be in her own world, but somehow she absorbs whatever is being done in the class, for when asked she responds positively.

She is from the village Giralaguda. She stays in the hostel, managing all her things by herself. She has two older sibling sisters, who are in our school.

Though she is fidgety many times, she sits in good posture and does chanting properly. She likes the chanting Sri Vakratunda Mahakaya. Among prayers she likes Raja Ram. She likes the song - Oo Aa Ee ... Ru Ru Ru.

Urvashi enjoys singing and dancing, she is good at both. She observes didi's actions carefully and is easily able to replicate them beautifully for songs.

She remembers and retains whatever is taught. She usually participates in all activities done in the group, sometimes she is so distracted that she becomes non responsive and participative. We try to keep her involved in activities of her interest.

## ENGLISH

Urvashi enjoys learning new songs and singing English rhymes.

She remembers the actions and words to the new rhymes. She is seen here playing the game What Time Is It Mr. Wolf.

She has a tendency to take over in group settings. She will initiate songs and activities prior to teacher's instructions.

She is encouraged to stay at her chair until the lesson is over.

Urvashi understands all instructions and communication in English but has to be encouraged to speak in English. She speaks broken English sentences.

She is quite imaginative in her stories. She can be seen here holding her drawing and the picture story she narrated.

## HINDI

Even though Urvashi is restless at times, she works in a very focused manner. In the alphabet related drawing activity, she did not need any support in identifying words starting with particular alphabets.

Though her stories are vague, and she is unable to link the objects, she is being encouraged to think and express herself.

She speaks full sentences. She is also able to read two letter words properly.

## MATHEMATICS

Urvashi is doing well in Math. She knows forward counting upto 200 and backward from 100 to 0.
