Jigyasa has 100% attendance so far.

Jigyasa joined school in Oct' 14. Initially, for more than a month she would not let her mother out of site; would not talk or go to anyone else. Rajesh is her first and best friend in the group.

She talks very softly almost whispers.

But when she is outside with friends she talks loudly, laughs and plays.

She has opened up now.

Gradually she has made friends with others in the group.

At present she does not say all sounds like ra, pa, clearly.

We are teaching her to speak each sound clearly and form words properly.

She is very clear what she wants to do.

If anyone tries to make her do something different, she will slap and hit that person and run away.

She does not allow anyone to touch the toys she is playing with.

She never spoil her clothes because of loo and potty.

She is very particular about cleanliness.
