Report for 2024-25 (Second term)

Introduction

Saloni is regular for school. She is neatly dressed from home. She likes to school with her cousin sister and sometimes with her friends.

Project

Insects topic

Saloni showed great enthusiasm while exploring insects in their natural environment. She was interested in walking in the nature to observe the insects. She has learnt the names of the insects and can recognize them. Saloni also made effort to draw insects, with creativity. She enjoyed working in a group with her friends. She liked watching the videos, which helped her to observe their movements.

Shapes: A quiet and attentive student, Saloni concentrated in class and learnt the names of shapes such as squares and rectangles. She enjoyed using Jodo straws to make 2D and 3D figures, including squares, rectangles, cubes, and cuboids. She also enjoyed singing shape songs with actions.

National Symbols: Saloni enjoyed learning about national symbols and gained a lot of knowledge on the topic. She liked the peacock and crane story and watched the video adaptation. She created beautiful drawings of national symbols and enjoyed singing songs about them.

Math

Saloni confidently recognizes and writes numbers up to 100. While she takes time in number writing, she works with focus. She quickly learnt double coding on the abacus and remained focused while showing it on the abacus. Her understanding of addition and subtraction is good, and she finds it easy to solve questions mentally. She is interested in playing games of subtraction and addition. Saloni is fast in solving story sums.

English

Saloni is able to arrange the alphabets correctly and can identify letter sounds confidently. She listens to the stories carefully and makes a strong effort to answer questions related to the story. Saloni learns lyrics and dialogues with little difficulty. However, she needs to improve her pronunciation. She enjoys participating in the action song “look who’s coming”.

Singing and Drama

Saloni likes to dance. She has learnt the alphabets nicely and can tell the sounds. For 21st of February she sang a song *jahaan jahaan mai jaun*. This song was taught to them by Bina didi. They also did action while singing the song.

Art

Saloni enjoys solving puzzles both alone and with friends. She has improved in solving 200-piece puzzles. She has a strong interest in drawing and colouring, which brings her joy. She feels very happy during paper folding activities and follows instructions well.

Games

Saloni is regular for games. She has interest in games and in doing joint and running exercises.

She does the exercises actively. She puts in an effort in running fast and plays games with her classmates.
