Report for 2024-25 (Second term)

## Introduction

Lipsa is a sweet child. She is friendly with everyone and respects her elders. She prefers keeping quiet unless it is necessary to talk. When she speaks, she talks very lovingly with her elders and the young ones. When she is called, she responds a little late but is an obedient child. She has a caring nature and is always ready for giving a helping hand. She resides in the hostel and keeps herself and her things neat and tidy. She respects her books and keeps them properly. She keeps a good health but needs to be stronger physically. Her hobby is to look at pictures from books, drawing and colouring. She enjoys studying History a lot.

## Mathematics

Lipsa enjoys studying Maths a lot. She knows that Maths is very important, as it is applicable in every field of life. Therefore, she takes interest in learning different concepts and pays attention while being explained. She is doing the 4<sup>th</sup> class book of Mathematics. In the last few months, she covered the chapters on Division, Multiples and factors, Patterns, Fractional numbers, Time and Money. Now she is doing the chapter on Metric measures. She is very clear with divisions, multiples and factors patterns and money. She had learnt about time in the group, so she was able to solve the questions without much difficulty unless it was a word problem. She faced some difficulty in fractions but is quite clear with it now. She needs more practise in fractions and time to gain confidence in these chapters.

## Science

Lipsa likes studying science. She is an intelligent girl and has a good memory to remember new words and new concepts. She likes drawing the most. She can draw the water cycle, food chain, a butterfly cycle, and many other diagrams very well and confidently. She mostly understands the concepts of the chapters taught but needs extra explanations and practise. She is shy about asking her doubts. She participates in group discussions and tries her best to answer the questions asked. She is normally attentive and a good listener in class. She mostly likes to listen to interesting facts and topics outside the chapters. She enjoyed studying the chapter *Solids, Liquids and Gases* the most.

## Social Science

Lipsa sits properly and does all the activities well. She writes notes and does the question and answers neatly. She asks questions if she has any doubts. She loves the social science class, especially making charts. After finishing each chapter, she does the question-and-answer session and takes the test. She scores good marks in the test. By making charts and writing key points, she gains a clearer understanding of the chapters.

## Hindi

Lipsa has finished 4<sup>th</sup> book of GUNJAN. After completing the 3<sup>rd</sup> book, she gave the whole book test. After getting poor marks in the first test, she gave a re-test. Now she is doing 4<sup>th</sup> course book of GUNJAN. After understanding the lesson, she solves all the questions and comes to ask what she has not understood and after the work of a lesson is over, she comes to get her notebook checked. She is also studying the 2<sup>nd</sup> book of grammar. In grammar she learnt ESSAY WRITING, DIALOGUE WRITING, and ADJECTIVES ETC. Nowadays she studies with greater concentration than before. She likes to read different types of stories in HINDI. She can read thick books very easily. But she faces some difficulty in reading some words containing MATRA'S but still she tries to read them. She spends time in creating stories by herself and

speaks very slowly. Her handwriting is notably neat and legible. In dictation she makes mistakes in difficult words.

**English**Lipsa can understand the language quite well. She always tries to speak in full sentences

but needs more practise for further improvement. Lipsa enjoys the English class a lot. She likes to read books, write stories, poems, and paragraphs, do grammar and even solve question answers from the textbook. She enjoys studying grammar the most and loves solving questions of fill in the blanks. She is doing the 3<sup>rd</sup> class book of grammar and has studied about sentences, nouns, pronouns, adjectives,

articles and now she is doing exercises on adverbs. While reading books, she tries to pay attention to the spelling of the words and tries to give good performance in the dictations. Some improvement can be seen in her spellings, but she needs to pay more attention to the spellings while reading and remember them. She has a got good handwriting and writes neatly. Therefore, she has started writing with a pen. She takes time to write creative stories or poems. When story writing is given, she prefers writing fairy tales and stories of teddy bears, as she enjoys them a lot.

**Computer**Please refer to the group report.

**Dance**

Lipsa is interested in dancing and is always on time for class. She has

learnt the basics of Kathak and is able to follow the steps she is taught. She enjoys dancing because she learns new steps. She also performed *Dashavatar* for Sports Day.

### Arts

Lipsa is a diligent and dedicated artist who puts in great effort to complete her work on time. She approaches her tasks with sincerity and a strong work ethic, ensuring that every piece she creates reflects her hard work. Over the past few months, she has shown remarkable improvement in her artistic skills. She has worked on nature drawing using warm and cool colours, bringing vibrancy to her artwork. In crafts, she has successfully created stars and balls, demonstrating her creativity. Though she initially faced minor difficulties in folding, as her folds were not crisp, she has been working hard to perfect them.

With her determination and commitment, Lipsa continues to enhance her artistic abilities.

### Puzzles

Lipsa likes to solve puzzles. She is able to fix puzzles of 100-150 pieces all by herself. She prefers solving puzzles alone, but she does it in a group too. She loves fixing puzzles of the fairies' the most.

**Games** Lipsa goes for games regularly. She needs to be punctual to the field. She does her running and exercises before playing games. She needs to build her stamina and speed in running. She is working towards this and is making progress. She has fun playing different types of games such as football, basketball, base-kickball, dodgeball and some minor games. But her favourite game is dodgeball. She like to throw the ball and dodge the balls that are coming towards her.

## Yogasana

Please refer to the group report.

## Shramdaan

Lipsa loves engaging herself in shramdaan in the morning. She likes to do cleaning work such as sweeping the dust and leaves in the hostel and the school campuses, wiping the floor of the dining area, their group, etc, and cleaning the toilets. She also goes to the kitchen once a week for cutting vegetables. Once a week, she has got gardening duty too. She waters the plants and takes out weeds and sometimes even does some digging in

the garden with her group. She tries to do all the work properly and sincerely that is assigned to her in each of the shramdaan activities.

## Satsang

Lipsa tries to be punctual for satsang every day. She likes to sing songs and bhajans with everybody. She takes interest in learning new songs but if she finds the song a bit slow, she starts feeling bored. She enjoys the most during satsang when the children get to play *antakshyari*. She likes this

because she keeps herself engaged throughout. She has got a soft voice and feels nervous when told to

do solo singing and is unable to sing openly. She needs to overcome her nervousness and also needs to bring improvement in her sitting posture during satsang.

**Celebrations** Lipsa takes active part in festivals and celebrations. She enjoys celebrating different festivals and functions not only because they get to dance, sing and perform plays but also because she gets tasty food and sweets to eat. She loves performing dances, singing and dramas on the stage.

She took active part in the Children's Day celebrations. She had a lot of fun dancing, playing, kayaking and eating food at the picnic. Initially, she was a bit afraid in the kayak. So she was unable to follow the instructions properly and took time to learn paddling. She disliked the taste of baked vegetables which was a new dish for her. She took part in singing and performed some sargams with her group on 29<sup>th</sup> November. She performed a dance on Christmas along with her friends. To perform on The

Mother's birthday, she had taken part in a play but was absent during practise, so her role was given to someone else. Every time she takes part in any kind of performance; she tries to give her best and there is gradual improvement in her actions in dramas and dancing and in the level of confidence on the stage. **Lipsa enjoyed celebrating Holi a lot. More than playing with the colours and having a mud bath, she enjoyed the food. She liked *lassi* so much that she drank six glasses of it. She also liked *chaat*.**

**Sports Day-** On Sports Day, Lipsa took part in the Saree Drill. "I loved learning Saree Drill and learnt many different types of postures in Saree Drill. I loved performing in our Annual Sports Day."
