

Pramila Muduli

DOB-18-Aug-08

Report for 2022-23 (first term)

I am Pramila Muduli. I am a girl studying in 10th class in Auro-Mira Vidya Mandir. I am studying nicely and progressing well. I always participate in all functions.

English

In English, I am doing the 10th class books of NIOS. I

have finished the 1st book and started the 2nd book. In the class, we did free reading. After studying the chapters, we did revision of the whole book. We gave the whole book test, and I passed in the test. Didi told us all our mistakes after the test, and she gave us some

more questions to do in the areas where we were not clear. Nowadays, Didi gives us notice writing and message writing exercises. In between, we were practising a play for Sri Aurobindo's birthday. In the play, I had taken the role of a student.

Hindi

In Hindi, I have finished the 10th class book and am revising for the test. In class, I used to write poems and stories. Poonam didi used to give us dictation. I also learnt grammar and how to do letter and essay writing. I also do free reading but not so much. Poonam didi taught us spiritual things most of the time. She only used to explain to us and not write. I gave tests in between and secured good marks. Sometimes I used to do copying of text for making my handwriting better. My handwriting is neater than before.

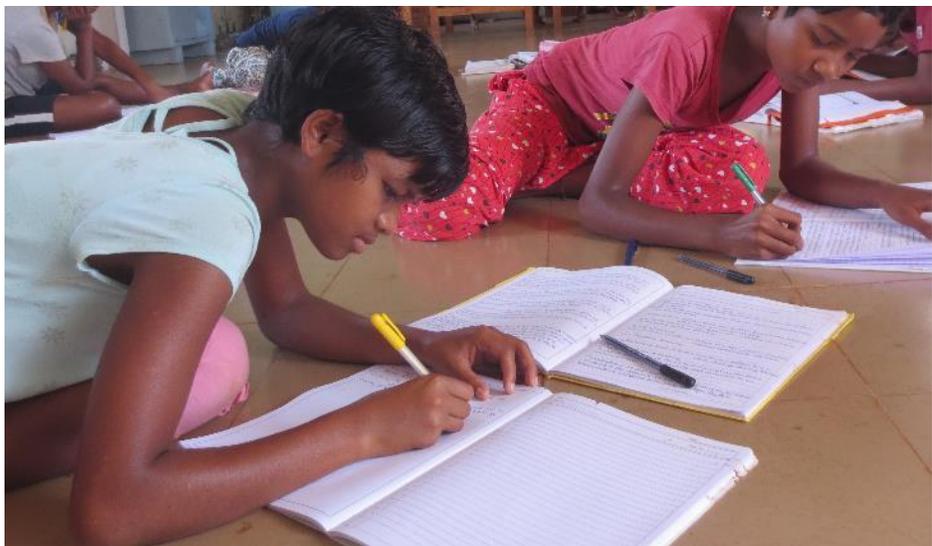

Odia

I attend Odia class twice a week. In the class, I do copying of text for writing practise. Sometimes Didi gives us to write about anything in our surroundings. Didi tells us stories. After listening to the story, we used to write them. In between, we were practising for a quiz on Sri Aurobindo for 15th August. Before 15th August, Didi told us about Sri Aurobindo. I learnt a song for 5th July function and I performed it.

Social Science

In Social Science, I have completed the 2nd book and am doing 1st book. I always complete the question and answers and

give it for checking. We have completed the Civics course. In Civics, I found some chapters easy and some I found difficult. After completing the chapters, we give tests. In the tests, sometimes I obtain good mark and sometimes I get unsatisfactory marks; but in the retest, I always get good marks. Sometimes we go to read National Geographic magazine.

Sudeep bhaiya had come and he taught us some chapters in Geography. He gave us some topics to speak about. He explained the concepts by using videos.

Mathematics

I am still continuing with the 8th book, and I have completed 10 chapters. I always give the test after finishing the chapter. I am weak in doing word problems. I like to do short question and answers. I do three hours of Maths in one day. I find some chapters easy because I have done it before, but I find some chapters difficult because they are new to me.

Science

In Science, I am doing the NOIS class 10th book. Didi gives us notes and makes us do question and answers. In between, Meeta didi had come and she taught us about body parts in Biology. She taught us two chapters and we gave a test on the digestive system. Raghu bhaiya made us do some experiments of class 10th practical book. We did some activities, like when we take fire

near hydrogen gas, pop sound comes. He made us do many experiments – e.g., on electric current and about plants. Nowadays, I do the question answers and understand the chapters.

Art

I do art once a week. In art class, I made flowers out of quilling. We have made hanging crafts and wall hangings. I also made flowers out of clay and in between, I did some painting.

Music

I do music class twice a week. I like to play flute. I am still progressing, but I play the flute better than before. Didi gives us raagas to write, and I have written many raagas in the notebook. I like to play music and we try to play the words of songs in the flute.

Dance

I do dance class once a week only. I have learnt many dances belonging to different places. I find some steps difficult for me and I can't do them in the beginning but when I practise then I am able to do it. Some dances that we performed are Bihu and Hip hop. I like to do the dances of Indians states.

Computers

I do computer class once a week. In computers, I do 'Typing Master' and I have reached till level 5. I practise some alphabets continuously for improving my typing speed. Sometimes, I do painting on the computer. I also give tests of computer.

Sports

We play sports every day. In sports, we play basketball,

football, volleyball, etc. I like to play basketball. Before playing any sport, I do exercises and running. In games, I play with our group children. When I do exercise before playing, I don't get hurt.

Shramdaan

In *shramdaan* I did gardening, kitchen work, school cleaning, hostel cleaning and toilet cleaning. I like to do kitchen work the most. Now I don't do *shamdaan* in the morning. I go to study in the ashram and in the evening, I do *shramdaan*.

Celebrations

In celebrations, I perform dance most of time. On 5th July, I and our group children performed a play called "Ouch!". After that we were practising a play on Sri Aurobindo for 15th August. I performed a dance on Janmashtami. In between, Denis bhaiya had come. He taught us dance which we performed on 15th August.
