

TULSA JANI

DOB- 28TH DEC -01

ANNUAL REPORT FOR 2023-24 (SECOND TERM)

ANNUAL ATTENDANCE 357 DAYS OUT OF 366 DAYS

INTRODDUCTION

I have six members in my family: my father, mother, and four sisters. My father is a farmer, but sometimes he also does masonry work, and my mother is a housewife. Two of my sisters are currently studying; one is in tenth grade, and the other one is in seventh grade. I am now twenty-two years old and have completed my graduation. While pursuing my graduation, I also attempted the B.E.D exam without practicing the papers, but unfortunately, I did not succeed. Two of my sisters and I stay in the hostel.

SPORTS

I do lots of sports, such as playing basketball, swimming, trekking, and kayaking. I go to play basketball, but I still haven't improved in my

shooting. When there is a camp going on in the school, some of my friends and I take the participants swimming in the reservoir. We also go trekking in the forest, and in the evenings, we have them try kayaking and rappelling.

CELEBRATIONS

This time, I did not celebrate most of the festivals, but I did participate in the sports day. During the sports day, I performed some slapstick comedies as a clown with Pranjal bhaiya, Bhuvan, and Shivam. It had been a long time since I last did something like this, and I had fun clowning around with bhaiya. Apart from the sports day, I also participated in a play performed for Tara di about the freedom movement. Many people came to see both the play and the sports day.

Volunteering

I have volunteered to teach the junior students, but initially, I didn't feel much interest in teaching them. However, the children are so sweet that they sparked my interest in teaching. I teach in the Courage group for singing, the Victory group for English, and in the Unity group, I teach projects, English, and maths. I spend five hours working with the children,

and besides this, I also lead their satsang and organize games once a week. During the satsang, I teach them some Hindi and English songs.

SHRAMDAN

I am assigned to the girls' hostel for shramdan, and Chandrama is my partner there. We enjoy participating in shramdan activities with the children. Additionally, we conduct weekly shramdan sessions in the girls' hostel because it is quite large and requires more people for cleaning.

TRIP

I had gone for a twenty-day trip to Northeast and the states that I visited were Arunachal Pradesh, Assam, Sikkim, Meghalaya and Kolkata. This trip was very exciting for me as they were very adventurous. So, I started my journey on 24th of Feb and boarded the train at 8 o'clock in the morning and reached Howrah on 25th morning at 7 o'clock.

On 25th after reaching Kolkata I visited the Botanical Garden and Victoria Memorial and then the same evening we took the train from Kolkata to Guwahati.

On 26th I visited Kamakhya Temple, Gandhi Mandap, and War Memorial and stayed the night in a hotel called Blue Moon.

On 27th I went to Cherapunjee in Meghalaya and saw Mawsmai cave, jungle and waterfalls.

On 28th we had gone to Indo-Bangladesh border which was a very nice view and many people of Bangladesh and India coming and spending their time swimming, boating, etc. Then we visited the Root Bridge and the cleanest village of India. The village was really beautiful and clean. Not a single piece of garbage was thrown outside or anywhere else. But the things which they were selling, and the food was super expensive. The best in Northeast was that most of the girls were only taking care and managing the hotels. Which I

liked the best.

On 29th we saw Ka Phan, Non Glait Park, Animal Land, Police Bazar and a Church. The Police Bazar was very crowded, and the things were very expensive. The Church that we visited was open and

the people were sitting and praying. The structure, the design and the way it was decorated was really beautiful.

On 1st of March we travelled in the bus to Kaziranga and stayed the night in Green Reeds. On the way to Kaziranga we saw a lot of animals like Rhinoceros, Neelgai, deer, buffalos and elephants. Today was the day of travelling from one place to the other on the bus and only stopping for meals. It was a long journey.

Then on 2nd March we all were very excited to ride on the elephants. Early in the morning at five o'clock we went to Bagori for elephant ride which was only for forty five minutes. After the ride we straight picked up our bags, had our breakfast and started our journey for Dhirang and stayed a night in Sarada Mission Girls' Hostel, which was also a tribal school like ours. The girls in this school were so polite and were very friendly with all of us. They took us all around their hostel, to different classrooms. They are very cooperative and helpful to the people who come to visit them.

to Tawang we also saw a pass called Sela. It was very beautiful but was very cold and the lake and everything was frozen. We could only see snow and ice and nothing else. The snow was shining so much that it was difficult to see without the goggles. It was so cold that our fingers and hands were getting pink and were looking as if they were swelling. We then saw a fall called Jang fall which was huge and was falling from very high. We also saw the Jaswanthgarh War Memorial. When we reached Tawang we stayed the night in an army camp and we were the guests of the army people.

On the 4th we went to Bumla, it is the Indo-China border. For the first time I saw a Chinese from very close. We went to the second largest Monastery in the world and in the evening we went to the War Memorial and saw a show on the Army.

On 5th we travelled to Rupa and on the way, we saw Jaswantgarh War Memorial. We slid down on the snow

and it was great fun to slide. We were sliding again and again and we got wet but we had lots of fun. We had our breakfast at Dirang.

On the 6th we travelled back to Guwahati and stayed in the same hotel Blue Moon and we celebrated Bina di's Birthday.

On the Seventh we visited the Guwahati zoo, Srimanta Sankaradeva Kalakshetra which was an art and craft gallery. The Gallery was really beautiful, but it was so tiring. We visited the Science Museum, Baladeswar temple and then travelled to Sikkim by train.

On 8th we all travelled to Gangtok from New Jalpaiguri by car and

reached Gangtok at 4 o'clock in the evening. In Gangtok we visited the Palace monastery and MG market. The MG Market was very neat and clean and I liked the market very much but the things which

were being sold were very expensive.

On 9th we went to see the Nathula Pass, New Baba Mandir, and War Memorial of Lt. Gen. Sagat Singh and while coming back we did yak ride near a lake. It was so much fun to ride on the yak. I also saw a little bit of snowfall for the first time.

On the 10th we went to Sikkim and saw the Temi Tea Garden which was very big in area. Then we also went to Char Dham and after coming back from these places we had a celebration in the hotel where we were staying, and the hotel people had only arranged this program for us. We enjoyed a lot- dancing in with those people in the hotel.

On the 11th we travelled back to New Jalpaiguri by car and it was a long journey. Then we all travelled back to Kolkata by the train.

On 12th we reached Kolkata at around 4 o'clock in the morning and went to Maharashtra Bhavan by bus from the station and got ready to visit the places. We went to see Dakshineswar Kali Temple,

then we took a ferry to Belur Math, Ramakrishna Mission, Science City of Kolkata and Nicco Park.

We had lots of fun and took lots of rides in Nicco Park. In Nicco Park the most exciting ride for me was the sky diver which was very scary but still I liked this the most out of all the rides.
