Report for 2024-25 (Second term)

## INTRODUCTION

I am doing my graduation and am in the 1<sup>st</sup> year. I am preparing for my exams, and I will be appearing in June'25. I attend online classes with Sandeep Sir for PBCS 171 (Psychology) regularly, and I enjoy studying with him and I am able to understand the content. I listen to the recordings of the classes which were taken by bhaiya for other children. And I do question answer from all the books. And I solved the previous years' question papers with Jayu's help.

## GAMES

I like to play games and enjoy the sport activities. Before playing games, I like to do warm-up exercises and run to prepare my body. I've found that when I play games after these exercises, I have more energy and can play more energetically. While I enjoy playing minor games, my favourite game is basketball. In basketball, I like to take layups, and sometimes I get afraid, and I stop playing. But still I'm trying to play properly. On sports day I did marching.

## SHARMDAAN

Every morning at 6:30 AM, I participate in shramdaan in the kitchen. I enjoy cutting vegetables and making breakfast for everyone.

## VOLUNTEERING

I am volunteering with the Peace Group for 5 hours a day. I enjoy playing and working with them. I help the little ones in various activities, including singing, arts and crafts, projects, and a bit of maths. I teach them the importance of cleanliness by helping them with their morning routines, such as brushing their teeth and taking a bath.

In maths, I focus on teaching them counting. I participate in every activity the children do in the group, to encourage and guide each child so that they feel motivated to learn and give their best. While teaching them, I also learn many things.

### CELEBRATIONS AND FESTIVALS

In the past few months, there have been several festivals to celebrate, although I could only participate in a few of them. I particularly enjoyed celebrating Christmas. On 26<sup>th</sup> January I watched the parade on TV. On Basant Panchami I sang a song Sharada Maa. I helped the children of the Peace Group prepare dances and dramas for the programme. I enjoyed watching the programmes.
