

**Sampoorna Sukia**

**2021-22**

**DOB- 17/11/2012**

Sampoorna joined the school quite late. She is a quiet girl. She has settled in the new environment. She comes to school neat and clean. She comes regularly to school. She is always lost in her own world. She talks very little even with her friends.

Every day she has her breakfast in the hostel and goes straight to school to brush her teeth. She is very independent. She cleans herself properly before going to the group. Sometimes she helps her friends in arranging flowers.

**Circle time-** She concentrates during the circle time. She learnt some mantras which she chants very softly. She likes to sing songs with action.

**English-** English is completely a foreign language for her. She is gradually grasping it. She listens to the stories but does not understand completely. She can repeat a few words. She speaks very little. She is making an effort to learn.

**Math-** She can count till twenty. She jumbles the numbers while counting. She gets confused even if she counts with objects. She can recognise circle and gets confused between rectangle, triangle and square.

**Hindi-** She understands Hindi very little. At times she switches to the village language to communicate.

#### **Skill work**

She concentrates while colouring. She enjoys filling colours in the pictures. She scribbles on the paper and sometimes tries to make flowers.

She is good at pasting and does it neatly. She finds it difficult to fold the papers properly.

#### **Food habit**

While eating she sits properly. She can wash her plate without any help. She brings less amount of food. After and before meals she washes her hands and plate. She eats whatever is served.

**Toilet habit-** She learnt how to use the toilet. She cleans herself and the toilet after using.

## Games-

She enjoys playing fun games. She likes running and jumping. She loves to play in the sandpit. Most of the time she makes sandcastles.
