

## **NAIRA KRISANI**

### **ANNUAL REPORT 2020-21**

**DATE OF BIRTH- 29<sup>TH</sup> APRIL 2011**

**MATH:** Naira is confident with three-digit numbers- addition, subtraction, multiplication, division. She took time in learning subtraction and multiplication. She has learnt place value with four digits and with commas. She has started studying from the books. She has started book three. While solving the problems from the book, she needs help in understanding the meaning of the question.

**ENGLISH:** She has improved in her reading. She can break the difficult words and read them. She needs to read more to improve her comprehension. She speaks very little in class. She needs to improve her spelling and her phonetics. She has to work on her handwriting.

She has difficulty in memorising her dialogues but makes an effort and does it. In the fancy dress, she got the role of “painter”. She spoke her lines very confidently without hesitation. On the Mother’s birthday she took the role of Mother. She had some lines, and she told her lines confidently.

**HINDI:** She is quite an intelligent girl but speaks very little in class. Her reading is very good. She can read stories very fluently and comprehend them. She can narrate the story in the class. Her handwriting is very neat. Her communication skills are good but

sometimes she can't catch the words. While taking dictation, she makes some mistakes. She has completed Bhasha Drishti book 1. From this book she read the stories and answered the questions. Whenever she faces difficulties, she always comes for help. Now she is doing Rimjhim book 2. When some work has been given, she tries to complete her work and then tries to help her friends.

**ODIA:** Naira can read & write some words. She also sings songs and dances. She has interest in playing cards for language learning. She has a good ear.

### PROJECTS:

**Seasonal fruits:** - In this topic Naira learnt the names of many fruits in English- both seasonal and unseasonal fruits; the vitamins in the fruits and which fruit comes in which season. She made a riddle on fruits. She always participates in all activities and enjoys them. She tries to do her best. In her presentation, she forgot her lines in between and had to be given a cue.

**Birds:** - In this topic she studied bird's body parts, species of birds, how they fly, how they take care of their babies and their habits and habitat. In group discussions she asked the question, "how do birds fly in the sky". She made an

Ostrich in clay. She enjoyed observing the birds with binoculars and could identify the birds from their chirping. She can recognise many different birds. She drew some pictures of the birds and wrote about those and made her bird's scrapbook. During presentation, she talked about how the birds take care of their babies. When she was speaking, she was a little diffident.

**River:** - In river topic Naira enjoyed going outside and seeing the streams. She studied about the origin and stages of rivers. She also learnt the names of important Indian rivers and with map reading. She liked watching the mythological stories of rivers from

videos. She was confused in how the meander and ox-bow lake are formed. She helped in making the model with papier mâché. She made a drawing of the journey of a river. During the presentation she was getting nervous and was not remembering what she had to tell. She was pausing and speaking.

**Time:** - In this topic she made a sun dial in wood and sand clock. She observed her shadow from sunrise to sunset. In this topic she was very confused. She could not understand how to read the time.

**Clothes:** - In clothes topic she learnt about seasonal clothes, different types of fibre, source of fibre (natural and synthetic) and traditional costumes of Indian states. She took time to learn all this. She does well when given special attention and encouragement. She participated in weaving with thread and wove mats. She drew a picture of Odisha costume. During presentation, she spoke nicely about the costume of Odisha.

**ART & CRAFT:** She works with concentration while filling in colour. While drawing, she spills out of the lines and is working on her fine motor skills. She is making an effort to improve. She likes to sit near her

friends while drawing. She likes drawing, pasting and making pattern with thumb impression. She cannot paste neatly as she finds it difficult to cut the objects properly. She has learnt paper folding.

**PHYSICAL ACTIVITIES:** Naira does runs and does her exercises properly. Naira is physically not very strong but enjoys playing games. When the children are asked to choose the game which they want to play, Naira also expresses her opinion but she's happy with whatever the majority decides to play. She tries giving her best while playing any game. She loves playing football and she also runs and kicks the ball well. She is a very energetic girl. Naira has a flexible body in yogasana. She can do- spilt, headstand, paschimmaut

asana, Nataraj posture, etc. She has a good balance. On Sports Day she participated in many obstacles and relay races like: rope climbing, beam walking, jumping from one table to another, mirror walking, caterpillar walking. She was very confused in the

maze (Bhool bhulayya). She took a lot of time to exit.s

**PROGRAMME:** Naira is a shy child. She participated in all programmes like Janmashtami, The Mother's birthday. In the play on the Mother's birthday her role was of "The Mother". She had some dialogues in the play. On Janmashtami she danced the Dandia with her friends.
