

Baghishri Muduli

DOB- 27-Aug-16

Annual Reports for 2023-24 (Second Term)

Annual Attendance 355 days out of 366 days

Introduction

Baghishri is a cheerful seven-year-old girl who attends school regularly, always neatly dressed. She stays in the hostel. She belongs to a nuclear family with her parents, two brothers, and one sister, all of whom also attend the same school as her. Her eldest brother, Sanjeet, is in the Perseverance Group, her sister Ruhani is in the Receptivity Group, and her youngest brother, Sansiddha, is in the Bliss Group.

Project

Animals: Bagishree's eagerness to learn about animals and share her knowledge with others was commendable. She demonstrated mastery of the topic's concepts and consistently strived to improve. Her careful attention to detail was evident in her artwork, reflecting her love and care for her work.

Flowers: In the flowers topic, Bagishree exhibited a tenacious memory and showed excellent performance in learning concepts. Her artistic abilities were praised, particularly in making borders for charts. Bagishree's confident presentation and emotional connection with flowers showcased her deep understanding and appreciation of nature.

Clothes:

Baghishri is a remarkably bright girl who eagerly absorbs everything taught to her. She exhibits great enthusiasm for learning and approaches her tasks with meticulous care, showcasing her neatness and cleanliness in her work. Her origami folds are impeccably neat, reflecting her attention to detail. Furthermore, her fine motor skills have significantly improved, particularly evident in project class activities.

Her artistic talent shines through in her beautiful drawings of clothes, demonstrating her proficiency in art. Baghishri also excels in practical tasks, such as accurately placing buttons on shirts and folding them correctly. Although she finds it slightly challenging to fold larger-sized clothes, she demonstrates adaptability and determination.

Baghishri has a keen ear for music, quickly learning songs related to clothes. Even after several days, she retains information well and can recall most details when asked questions. Additionally, she excels in storytelling, particularly evident in her ability to narrate the story of the Invention of Silk effectively.

Maths

Bagishree has an outstanding maths foundation. She consistently produces excellent work when solving word problems. She realizes that Math is a brain game which needs lots of concentration to achieve. During our flowers project, she said ‘when I was making flower Rangoli, I was wishing to be like a flower so that I can concentrate more and can do math properly’. (Please refer to the group report for more information).

Hindi

Baghishri's Remarkable Progress:

Baghishri is an exceptional learner, displaying both intelligence and enthusiasm in her approach to learning. Her creativity shines through in the beautiful stories she creates, which she generously shares with her peers. She exhibits a natural curiosity for acquiring new knowledge and readily absorbs new concepts presented in class.

Baghishri's attentive listening skills are evident as she carefully listens to stories narrated by teachers, demonstrating her ability to stay focused and engaged. She actively participates in class discussions, responding promptly to questions and contributing meaningfully to the learning environment.

Regular exposure to Hindi moral short stories has significantly contributed to Baghishri's language development. She not only comprehends these stories but also confidently retells them in class, showcasing her understanding and communication skills.

Baghishri has mastered the Hindi alphabet and generously assists her peers in clarifying their

understanding of it. Her ability to identify words starting with specific letters and construct sentences demonstrates her command of vocabulary and grammar. Additionally, her pronunciation is commendable, reflecting her dedication to language learning.

Furthermore, Baghishri's musical talents are evident as she memorizes song lyrics quickly and enthusiastically participates in singing with her peers. Her proactive approach to learning and her positive attitude make her a valued member of the classroom community.

English

Baghishri was very fast in learning alphabets. She is able to arrange both capital letters and small letters. Now she can read the three-letter words and two-letter sounds. She knows the sounds of all the twenty-six letters in English. When she was learning the alphabets, she was very curious about it. After learning the sounds of all the letters now she has started reading the three-letter words in English. Baghishri has a very good listening skill. She loves to listen to the stories and is able to give the answers to the questions that are asked to her. She can also tell the same story after listening. At first, she was not open but now she has opened up quite a bit.

Dance

Bageshri shows an interest in dance and is making efforts to engage with the steps taught in class. She is currently learning new steps in classical dance, transitioning from Bharatnatyam to Kathak due to the difficulty encountered previously. Bageshri is determined to improve her dancing skills and is committed to mastering the basics of Kathak.

Sense

Baghishri demonstrates exceptional observation skills, easily noticing details in her surroundings and recalling them accurately. She impressively creates beautiful drawings after a brief observation period. She enjoys playing sense-related games, with "leader-leader change the action" being her favourite.

Art

Baghishri demonstrates a passion for drawing and has shown proficiency in creating floral designs through pepper folding. She pays attention in class and actively participates in activities. Baghishri has successfully learned to make frog, flower, and Pikachu through pepper folding, indicating her dedication to honing her artistic skills.

Puzzle

Baghishri stays very active during the class. She is completely focussed in her work and tries her best. She is happier solving puzzles with Namita and Dipa. She loves to try the difficult puzzles.

Games

Baghishri remains silent but punctual during games, actively engaging in exercises and occasionally leading joint exercises. She exhibits strength and enthusiasm while participating in games like Chan game, rani kabaddi, and ice and water, with a particular fondness for Chain game.

Celebration:
