

BHAKTI, 6.5 years, Flower Group

Bhakti has a strong will power, with which she tries her best to walk in her own rhythm and also adjust with the group's rhythm.

She is peaceful even in A difficult situation, she confronts it with confidence.

Though it is difficult for her, she gathered the strength to tell a story to a large group of children, in English.

In English reading and math also she puts her best effort.

She finds making riddles, songs difficult and spends a lot of time to come up with ideas.

But she is reinforced to think and imagine something new.

BHAKTI, 6.5 years, Flower Group

While doing leave rubbing, she made an owl, carrot etc.

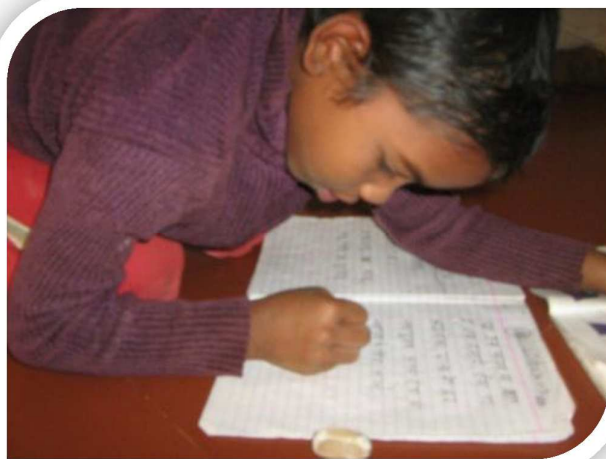

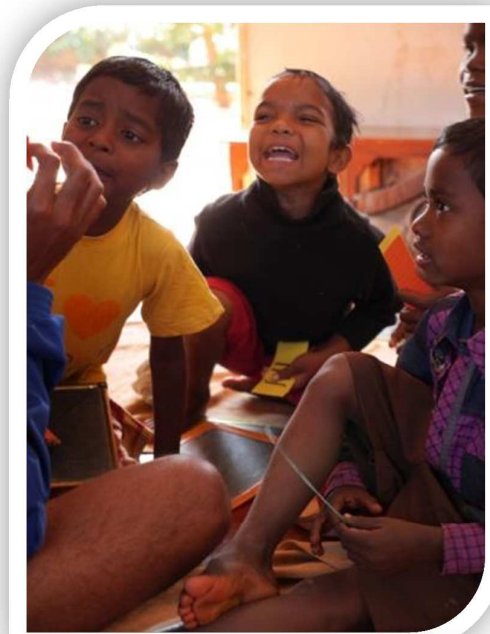

English Language - Can read well and loves to 'copy-write' stories of texts she finds around.

She speaks mostly in English and shifts to Hindi only when she is in a bad mood.

She is picky about what she wants to do and likes to Draw and Tell, guess new words from the prompt cards.

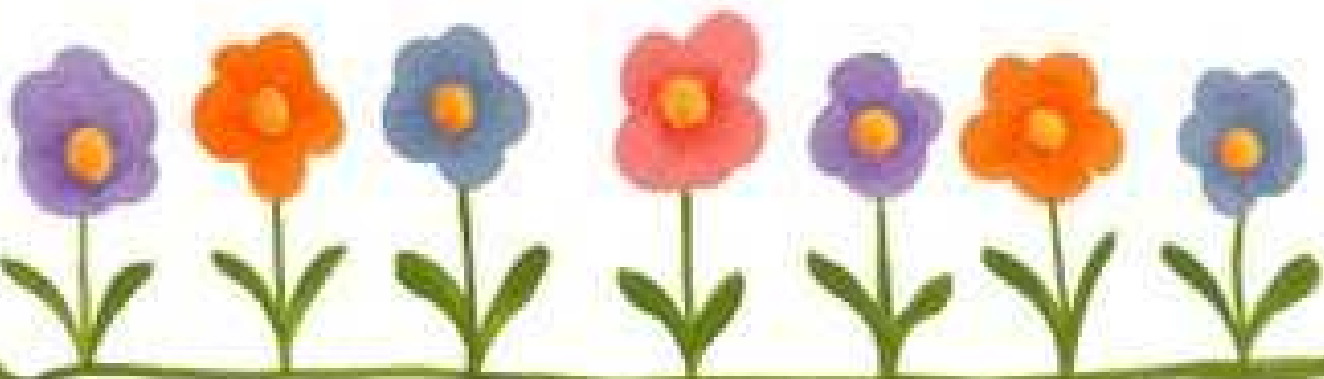

Her pronunciation is quite good and has mostly the 'sh'-'s' distinction.

She likes to sing but tends to make up words that she doesn't remember and lip sync at times.

She remembers her lines after some effort and has the habit of being uncorrectable at times but she tried very hard on both occasions when Flower group performed plays in English.

She delivers lines loudly and clearly.

Hindi Language - Bhakti has picked up Hindi reading very nicely.

She is also good at listening carefully and reproducing the spelling correctly.

She normally scores well in dictation.

When told to describe anything she is able to form and write full sentence.

She likes to write and also do copy writing. She is self driven.

She does not require someone to police her. She finishes the given activity on her own.

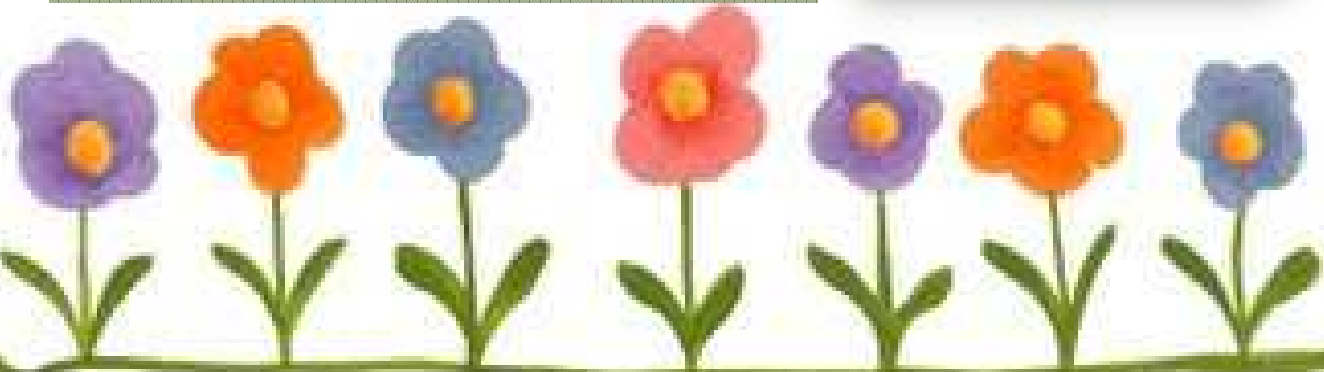

Math: Bhakti can count more than 100 serially.

She is able to recognize and write numbers and also number names.

She can arrange the numbers in ascending and descending order.

She is doing two digit addition and subtraction. (carrying and borrowing).

She can do skip counting from 2 to 10, but she needs objects for 7, 8, 9.

BHAKTI, 6.5 years, Flower Group

It is very good to see that she doesn't lose interest, even if she finds anything difficult to understand. With patience and perseverance she tries to solve a question several times.

Odia Language - Bhakti is a beautiful learner.

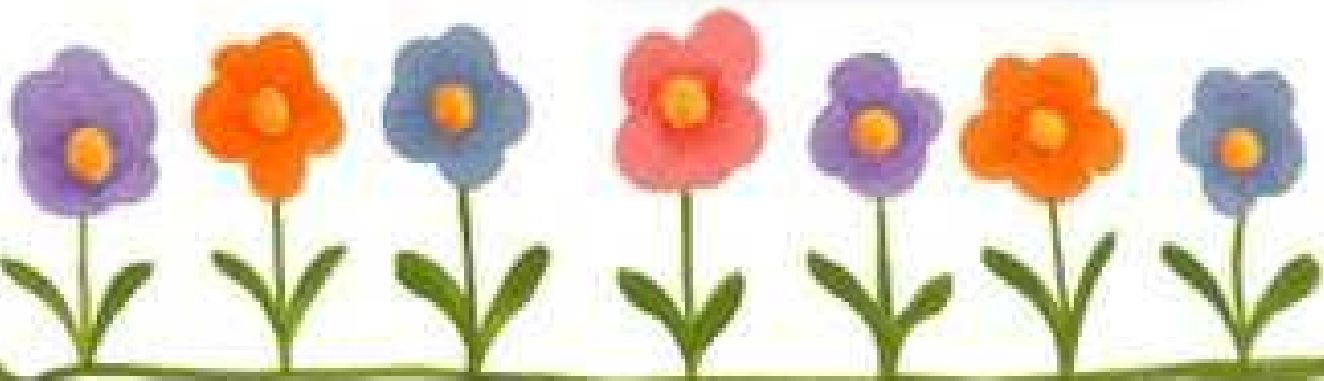

She listens carefully and pays attention in the class.

She can read with the help of Didis. Most of the time she feels shy to express herself. She reads with good pronunciation. Her writing skills are average.

In projects Bhakti takes interest to explore. While observing different plants and trees around us, she didn't know many names, but she learnt from her friends.

Bhakti is improving her vocabulary and tries to memories and recall words whenever necessary.

She spends a lot of time to speak five/ six sentences describing a thing, event or procedure. She needs many examples from elders.

BHAKTI, 6.5 years, Flower Group

In time topic, she made a calendar and understood the concept of dates, days, weeks, months and years.

She knows how to read the clock.

In the Me and Myself project - she shared what is it that she likes to see, smell, hear, touch.

Also what makes her happy, sad, angry and scared.

She can read small words related to body parts. She does the worksheets of - fill in the blanks correctly, with interest.

On Mothers birth day, she was happy singing songs and acting.
