## Introduction

My name is Karishma Krisani. I study in Auro Mira Vidya Mandir, and I am in 7<sup>th</sup> grade. I enjoy studying and learn many subjects like Social Studies, Maths, Science, English, and Hindi. My group name is Perseverance.

## Science

In Science class, I am studying the 7<sup>th</sup> book of Ratna Sagar. I enjoy doing experiments in Science. Currently, we are studying the chapter on Motion and Time. After finishing the chapter, I do the question and answer. I start my Science class at 10:30 AM and finish at 11:30 AM. If Bhaiya gives us any homework, I complete it and bring it to class. If I don't understand the questions, I ask my Science

teacher for help.

## Social Science

In Social Science class, I am studying the 7<sup>th</sup> book of Geography and Civics. Social Science class is from 11:30 AM to 12:30 PM. We see some videos related to the chapter. Currently, I am studying the 3<sup>rd</sup> chapter of Geography, which is "The Changing face of the Earth." I enjoy studying both Civics and Geography. In Civics, I am studying the 3<sup>rd</sup> chapter. I do the homework. I have covered several chapters in Civics.

## Maths

In Maths class, I am doing the 6<sup>th</sup> book of RS Agrawal. Srinath Bhaiya teaches us Maths. I have two Math classes a day: one in the evening at 7:00 PM and one in the morning at 9:30 AM. I found some chapters difficult, such as Linear

Equations in One Variable, Ratio Proportion, Construction, Quadrilaterals, and Polygons. I enjoy learning Maths with my teachers. After completing the chapter and doing the question and answer, we take a test, and Bhaiya helps us understand the chapter if needed. I pay attention during Maths class, and if I have any doubts, I ask my teacher.

Currently, I am studying the construction chapter. So far, I have completed the following chapters:

- Linear Equations
- Ratio and Proportion
- Unitary Method
- Construction
- Quadrilaterals
- Polygons
- Line Segments, Rays, and Lines
- Triangles
