DOB-17-Jun-2014

Attendance-182 days out of 182 days

Report for 2024-25(Second term)

Introduction: Sagarika is a cheerful and happy 12-year-old student. She stays in the hostel and when she goes home, she loves helping her parents with their chores. She is very happy to be studying in a school. Sagarika is an obedient student and sincerely does all the work given to her. She is tidy when she comes to class. She is friendly with everyone. Archita is her best friend. She finishes her homework on time. She can read, understand and write.

English: Sagarika is a sincere and

hardworking student. She always completes her homework on time and does it very neatly. She has a bright and cheerful personality and is always seen with a warm smile. Sagarika can read fluently and understands what she reads. She speaks in English with her teachers and tries her best to express herself well. She has finished

grammar book 2 and started working on grammar book 3. Currently, she is also doing Communicative English book for class 3 and shows good progress in it. Her handwriting is neat and clear, making her work easy to read. While Sagarika is doing well in many areas, she needs to work on improving her pronunciation of words and improving her

spelling. With a little more effort and practise, she will do even better. She shows a lot of promise and is improving day by day.

Project: Sagarika is a cheerful girl and actively participates in the project class. Sagarika has finished class 2 living science book and is currently doing class 3 living science book. She is able to read the chapters by herself and is able to solve the question all by

herself. She has learnt how to write answers in sentences and has a good handwriting. In these few months she learnt about simple machines, adaptations of animals, and did revision of the previous topics. She participated in making charts with her group. She made beautiful drawings of the animals

and machines. She did activities on simple machines. When questions are asked, she is able to answer and also write. After doing the topic she is aware of the simple machines used at her home and in daily life. She also learnt new words like pulley, ramp, lever and inclined plane. She understood the importance of machines. In adaptation of animals, she learnt about different living habits and food habits of the animals. She made beautiful drawings on the animals for the chart. She learnt new words like carnivore, omnivore, herbivore, amphibian, reptile, mammal, hibernation, vertebrate, invertebrate. She solves the questions and does her homework on time and with sincerity.

Hindi: Sagarika has successfully

completed exercises from the 2nd class book of GUNJAN and is nearing completion of the 3rd grade material in 'GUNJAN'. Nowadays she is also doing grammar of 2nd class. In grammar she learnt some basic things. She enjoys grammar activities done in the class. After understating the lesson, she answers the questions by herself. She gets her notebook checked every day and she always competes her homework on time. She concentrates in class. She also helps other children and explains to those who have not understood. Her reading speed and

writing skills have notably improved, although she makes a few errors. She has preference for the thin storybooks with illustrations. Her handwriting needs a little Improvement, and she takes time with dictation and spelling.

Maths: Currently Sagarika is doing class-4th Maths. She is hard working and does maths properly. She is able to understand questions and answers them independently. She had forgotten Division and Multiplication, but after revision she makes less error in division, but multiplication needs more practise. In these past few months, she was

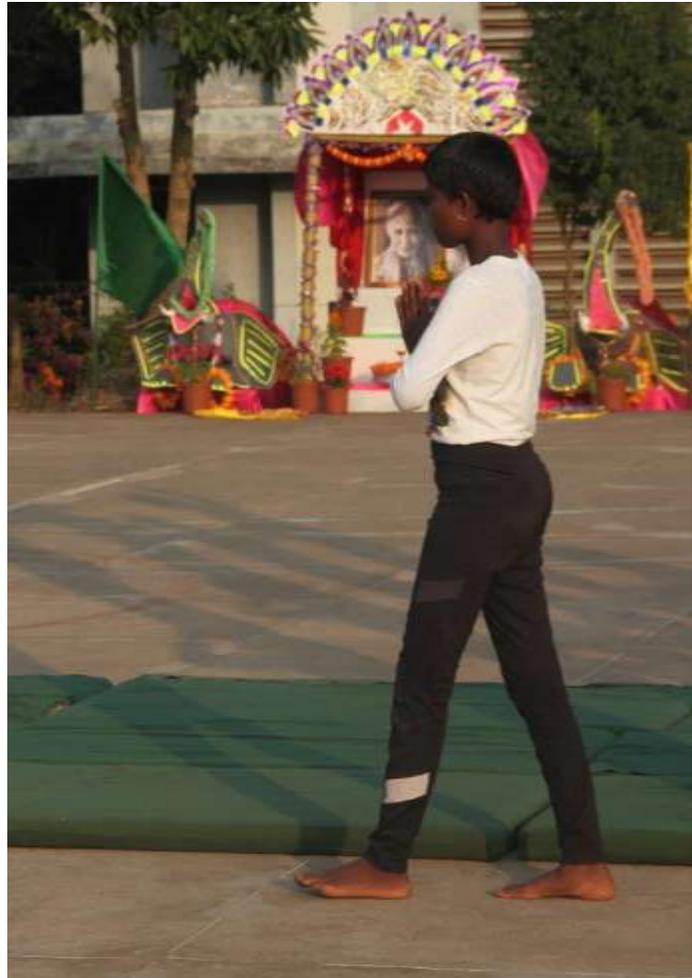

able to cover less syllabus due to school events, annual day functions and lot of school trips.

TIME: Sagarika had already learnt and studied this topic, so she understood it easily and was able to calculate and convert units easily. She can readily read clock in three ways. Later Calendar chapter was taken up and she already knew most of the concepts. Leap year was explained to her as she had forgotten it. Currently she is learning Measurement, Centimetre and Metre has been introduced.

Puzzles: Sagarika loves doing puzzles class. She likes doing the puzzles alone. She

can do the ninety pieces' puzzles by herself and can finish it very fast. But she loves fixing the hundred pieces' puzzles. Her favourite puzzle is Cinderella. She is improving her speed. She fixes the puzzles with interest and concentration.

Arts: Sagarika's focus and perseverance makes her stand out among her peers. Whether working on an art project or learning a new skill, she approaches everything with enthusiasm and determination. Her passion for creativity and discipline in learning highlights her potential as a talented artist. While making

hanging house she needed guidance on how to stick it together. She made a beautiful animal drawing that showcased her talent and attention to detail.

Dance: Sagarika enjoys dance. She has learnt basic steps and is improving her coordination. Sagarika listen carefully to the instructions and tries to stay in rhythm with the music. She loves to dance together and loves to learn new dances.

Singing and drama: Sagarika is one of the fastest in this group in doing all her questions and answers. She is doing her class three term

two book. She is quick in doing all her questions and answers and finishing on time. She always writes her answers in full sentences. She is very quick in learning the songs in the class and also the dialogues.

Sense development: Sagarika is punctual in class. She sits properly, listens attentively, and takes a keen interest in learning. She has become proficient in finger-related activities and is now learning activities to develop her hearing sense. She enjoys learning.

Odia: Sagarika is a bright learner.

She has a strong interest in the Odia language and enjoys learning new things. Her understanding is good, and she grasps concepts quickly. She listens carefully and follows instructions. She can write numbers from 1 to 10 correctly. Her reading skills are good, and she can read the Odia varnamala clearly. She is confident in reading words that do not have matras. Along with reading, she can also write Odia words without matras neatly and correctly. Sagarika loves listening to Odia stories. She enjoys hearing new stories and understanding them well. This helps

her improve her vocabulary and interest in the language. She is making good progress in Odia.

Celebration:

Trip: For Sagarika it was her second trip, but still she was very excited. She enjoyed the trip with her friends. Even though she had seen some of these places before, still she was excited to see them. She was very happy to see the sea beach, she enjoyed the waves and the cool breeze. At Nandankanan zoo, Sagarika was very happy to see the animals so close. She also visited many famous places, including the science museum, Jagannath temple, Lingaraj temple, Sun temple Khandagiri, and Udayagiri. Throughout the trip she behaved properly and listened to the teachers.
