Trip Experience

We started our trip on 29th October and took the Koraput train to Bhubaneswar. We visited many places, including Udayagiri and Khandagiri. In Khandagiri, there was a Hanuman temple, and in Udayagiri, we explored the caves. Then, we visited the Science Museum, where the guide showed us many experiments. I also saw nitrogen gas being used in an experiment. After that, we went to Jagannath Temple, where I had darshan of Lord Jagannath. Later, we travelled to Puri, but I did not like it much because it was too crowded. Then, we went to Konark, where I saw the Surasundari sculptures and took some photos.

From there, we went to Baleshwar and visited a Shiva temple. After that, we travelled to Chilika Lake by bus. At Chilika Lake, we went on a boat ride and saw many dolphins. At night, we travelled to Bihar and had dinner at Suman Bhaiya's house. The next day, we went to Brahmakund, where I took a bath. Later, we visited the Buddha temple and saw many other Buddha temples in the area. In the evening, we went to see the road built by Dashrath Manjhi. Then, we travelled to

Lucknow by bus and stayed in a stadium. On Children's Day, we visited a park where I saw many fish in a pond. Then, we went to see the Clock Tower (Ghanta Ghar). The next day, we visited Ayodhya Temple, where I had darshan of Lord Vishnu. I also saw how the Vishnu idol was made. From there, we took the metro to the station. We then boarded a train to Jhansi, where a guide came to receive us. In Jhansi, we visited Raja Mahal, where the guide explained how the king lived, where he used to sit, and the paintings made by him. Then, we visited the royal palace, where we got to try many types of food. We also went to a newspaper factory,

where we took photos, and our pictures were even published in the newspaper. From there, we returned straight to Paliba station.
