# LANGUAGE:

#### HINDI:

Why do we take a bath?

In Hindi class we communicate with them through sentences and stories, with pictures and reading picture books. Their pronunciation has improved. Some children can still not pronounce letters like kha, ka, pa, etc. They do some thinking likeactivities ask them we and they think questions and answer. The questions are like-

Why do we wear clothes?

What will happen when we'll not be clean?

They draw some pictures and make their own stories. They have learnt names of colours, fruits, animals, trees, flowers and shapes in Hindi. We give them some free time for interaction with each other. They know the name and functions of external parts of body through Hindi rhymes. To improve their pronunciation we play word games and through this they make new words and sentences. They learnt about nomenclature of relatives through games. Sometimes as group activity we make them create never ending stories for their sentence improvement and thinking ability. For their development of good communication, we did some dramas with them.

# **ENGLISH**

All the children can understand English stories and can answer when they are asked questions. They enjoy singing and learning English songs and also like to do English dramas. Some of the dramas that they performed are enormous turnip and ugly duckling. On Pranjal bhaiyas birthday they had performed a rainbow drama in English. All of them were able to learn their dialogues by heart. They have learnt some rhymes and songs like

- a) Johnny Johnny yes papa
- b) London bridge is falling down
- c) Twinkle twinkle little star
- d) Are you sleeping
- e) There's a sugary smell over there
- f) Look who is coming there
- g) Tree
- h) Kaa kaa shrieks the crow
- i) Away in a manger
- j) Kites kites everywhere
- k) Rainbow song

All of them can create their own stories in English. They are interested in listening to stories in English and are able to repeat the same story in English.

## MATH ACTIVITY:

We have math activity from 10:30 to 11:30 am. They do mental activities. They learn sequence by matching the pictures through puzzles. They can do ten to fifteen piece puzzles. They enjoy playing with blocks. They can count up to twenty. They have learnt after and before number and between numbers. In one year they learnt addition and subtraction up to twenty through creative stories and objects. They can recognise numbers till twenty.

# PROJECT (MY FAMILY)
