Bhuvan Pukia

Date of Birth-18th February 2005

April 2018 -March 2019

□ Hindi

I have studied the following in Hindi:-

- Syntax
- Correction of incorrect sentences
- Punctuation
- Decoration
- Idiom and proverbs
- Letter writing
- Oral expression
- Prefix and suffix
- Compound
- Essay writing
- Joining the words

I like my Hindi class because our Hindi teacher teaches us so funnily. I have studied the 10th course and have given the test from 8 chapters.

I have written two essays and have given a test about essay on the villages of India. In some months I learnt to correct the incorrect sentences. On everyday of our class we go to the library to read books that we like.

I used to find it boring and nowadays I find it very interesting. After reading the story, I sometimes don't understand the story.

I sometimes find it difficult to understand the wordings of the story and ask the teachers. I have some difficulty in understanding the essays.

My handwriting has improved a lot but there are lots of spelling mistakes. I make my teacher check the spellings and my writing speed has improved. I need to improve my writing skills and spellings.

□ Social Science

In Social Science I have completed political science and have done the tests. Now I am doing the history part of our book. I like social science because I feel refreshed and I answer the question of the teacher.

I sometimes don't like my social science class because I feel sleepy and bored. But most of the times I like my social science class.

I like the History part because I learn about the fighters who fought for our freedom, and also the names of the British viceroys.

I have also given the test till the 13th chapter in History.

Math

In math I have completed till the 19th chapter. I like my maths class because when I feel like doing maths, I do well and I learn many things in geometry, integers and measurement in which I have to use many mathematical drawing instruments.

I sometimes don't like to do maths and get bored and sleepy, but I always like my math's class. (!)

□ English

In English I don't talk in English (!) much and I talk in Hindi most of the times. Most of the times I don't like the English class and I feel bored.

In my English class I can speak English very fast and also memories it by mind(!).

in English I most of the times speak in English(!) and I like to speak in English because of the new words I learn while speaking.

□ Reading

I like to read and do nothing but read, in English I like to read about the freedom fighters from the comics of Amar Chitra Katha. I mostly like to read comics and the novels of the kings of the ancient times.

I sometimes don't know how to read the big words and the sentences but I can read confidently and sometimes don't need the help of the teachers, I have improved in reading and I can read very fast. In English reading I have read the stories of Shakespeare who was a famous playwright and the stories I have read of shake sphere are:

- ✓ Hamlet- the prince of Denmark
- ✓ Merchant of Venice
- ✓ Julius Caesar

I like to read stories of Shakespeare because of the sentences he writes and I also feel like I can write like that.

□ Writing

In writing I have to bring cleanliness and speed but I also like to write essays in English and I can write the essay in the full speed and I can imagine the things and I can write it in my notebook.

But I like to write because I can write it nicely and I can write very fast and I can remember the things that I wrote, and I can write it and I can understand it.

□ Poems

In the English class I also learnt the poems of Sri Aurobindo and I remember them now. Some of the poems are:

- The blue bird
- The golden light
- Krishna
- The tree

I have performed dramas on the poems in the programmes, but I sometimes don't like to do poems and I like to do nothing in the class where I do poems. But I can remember the poems in a day or two for the poems are like the dialogue in a short play. That's why I like the poems class.

□ Story

I can write a story by imagination of my own brain and I can write it at full speed and I can also do the writing of a play and I can write it, but I like stories because I learn about the kings and queens of the past.

□ Computer class

In my computer class I learn many things like notepad, excel and PowerPoint. I have done many things like making clock. I always like my computer class.

I don't like when the children shout and disturb our computer teacher Ganesh bhaiya. And I like it because I don't shout.

I like my computer class because our teacher teaches us how to make many different things in notepad.

☐ Music class.

I like my music class because I can play many instruments like flute and keyboard. I can play many kinds of music on the keyboard and play any kind of village song on the keyboard.

I can also play the flute and now I have left playing the flute and got used to playing the keyboard. I also practice the music we have learnt.

I can also play the different village songs on the flute but I can also lay Bengali song son the keyboard, which is purano se diner kotha. On the keyboard I like to play this song.

☐ Dance class

In dance class I learnt the dance on the song Vande Mataram. My friends and I performed this dance on Republic Day. I enjoy dancing but get scared to perform in front of the audience.

Now I am learning the dance of William power. In this dance I learnt a few break dance steps.

I also get bored when the song is not good and I don't get the interest in the dances, and when I feel sleepy I don't feel like dancing.

But I also enjoy dancing at dance time. I like to do break dances.

□ Celebration

I don't like celebration but I have to celebrate and participate in the programmes in our school. I sometimes like the celebrations but not always.

I like to see the jokes and the dramas and to hear funny dialogues and acting.

In some celebrations I get bored and don't get the interest in seeing.

❑ Shramdan

In Shramdan I don't like some duties, like toilet cleaning and yogasana. In kitchen duty I like to see how to cook and I will learn cooking.

Many children don't like kitchen duty because they have to sweep the floor and sometimes I also don't

Like the kitchen duty because I also have to sweep and wipe the floor.

In toilet cleaning Shramdan, I don't like it, because I have to clean the toilets and the smell is too bad, and I don't like it.

In the gardening Shramdan I like to dig the soil or sweep the leaves and I like to plant or water the new plants.

In the yogasana duty I don't like it because I have to do some boring work in the garden.

□ Games

In games I like to play football, basketball and volleyball. I mostly like to play football, in which I have improved my running and some hard kicking, but I like to play football because I learnt many tricks on how to take the ball to score a goal by making different styles and not letting the ball go to the opposite team player.

I have to pass and play with the team. I like basketball because I like to shoot the basket from the half court line and the three-pointer. I like to make baskets with my friends and with my team.

Bhuvan Pukia....!
