

Rukmani Mali

DOB-06-May-2010

Attendance-168 days out of 182 days

Report for 2024-25 (Second term)

MY INTRODUCTION

My name is Rukmani Mali. I am in 10th class. I love to play games, draw, and do maths. I love the colour green, and I also love nature.

HINDI

In Hindi, I have finished my course. I am revising for my exam. I have also taken some tests. Now I am solving question papers, which is helping me. I am not clear about grammar; I need to practise it more. I love reading the stories and poems given in the book. My handwriting is also good.

ENGLISH

I have finished the course. I have also completed the question answers for both books. I am solving question papers to improve further. I have also done my assignments. I am revising the course for the second time with Deepika Di. Sometimes, we also do grammar. I love reading storybooks.

SOCIAL SCIENCE

I have completed the course. I am going through all the chapters again with Deepika Di. I can understand it, and I enjoy studying with Di very much. I have also taken tests. I did well and have

improved. We have completed the first book with Didi and have started the second one. I solve previous years' question papers. I have completed my assignments and submitted them.

MATHS

In maths, I have completed the first book and am working on the second one. I have completed half the chapters and am now doing the geometry part. I understand it well. I love doing maths, especially geometry. I have also taken tests for some chapters, while for others, I am still revising to take the test. I enjoyed doing trigonometry; it was very interesting.

SCIENCE

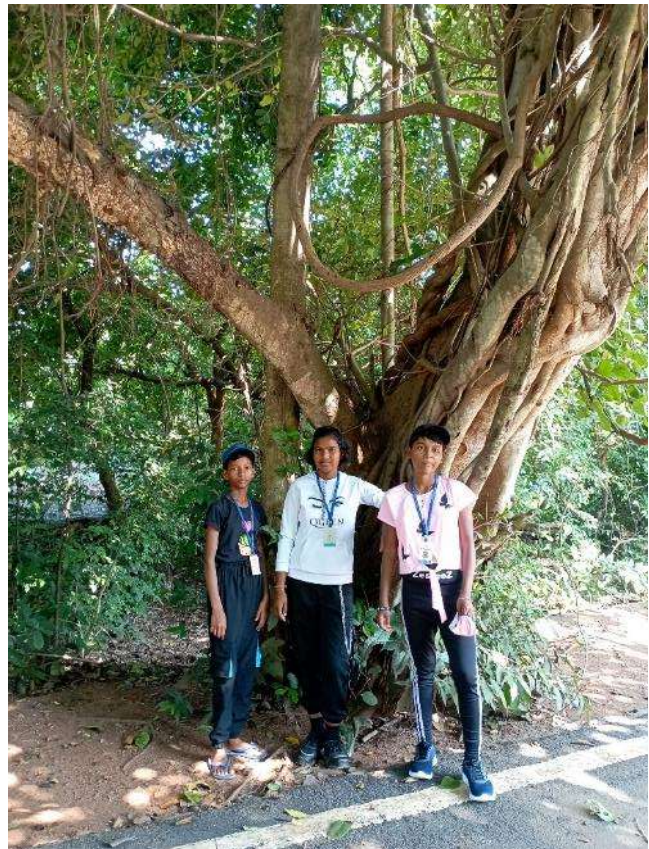

In science, I have finished both books. I am preparing for my exam. I have also taken tests, completed assignments, and submitted them. I enjoy studying biology and chemistry. I am solving question papers to improve further. I am not very clear on some chapters, and I find physics difficult.

GAMES

I love playing. We play many types of games such as football, basketball, volleyball, Frisbee, and some minor games. I love playing basketball and volleyball the most. Before we play, we do running and exercises so that we do not get hurt. I always arrive on time.

CELEBRATIONS

I performed a dance on New Year, which I learnt on my own. On Sports Day, I participated in the saree drill and enjoyed it. On the Mother's birthday, I sang a song, and we also sang on Saraswati Puja. I helped decorate the stage for the Mother's birthday. We did marching on the Mother's birthday at 6:30 AM.

SHRAMDAN

In Shramdan, I do toilet cleaning, gardening, hostel cleaning (both girls' hostel and general hostel), kitchen cleaning, and school cleaning. We do it every day from 6:30 to 7:30 AM. I like cleaning the school. Before coming for Shramdan, I study with Srinath Bhaiya at 6:30 AM.

TRIP REPORT

We went on a trip on 29th September. From Koraput station, we travelled to Bhubaneswar.

On the first day, we went to Nandankanan Zoo. I saw many types of animals. I enjoyed it, but I got tired and felt very thirsty. The zoo was very big. Around 3:30 PM, we visited Udayagiri and Khandagiri. I liked the place, and the view from there was very beautiful.

We also went to a museum where we did many activities. The next day, we visited a Shiva temple, and in the evening, we went to the Puri Jagannath Temple. It was very beautiful, and we took darshan of Lord Jagannath. It was very crowded there.

We then went to Simlipal, where we saw a tree from the British era. We visited a museum about a tiger named Khairi. One Bhैया told us the story of that tiger. I enjoyed nature very much. We also visited Vasuki Waterfall, Barahi Waterfall, and Jashipur Waterfall. It was a lovely place, and I loved the cool breeze there.

On the next day, we went to Bhitarkanika by launch. We saw monkeys and crocodiles. The forest was very big, and we also saw red crabs, but we couldn't see any birds due to the cyclone. We also saw a museum there.

Then, we travelled to Baleshwar and visited Panchalingeshwar. We heard the story of that place. I didn't see the five lingams inside the cave because the path was closed.

After that, we went to Gaya by train. We stayed in a village called Aral. I liked the village and felt comfortable there. We reached Gaya at night.

The next day, we took a bath at Brahma Kund. The water was hot, but the area was very dirty. We also visited many places like Venu Van and Rajgir. We did a zoo safari, where we saw deer,

bears, tigers, and lions. I enjoyed it. We also did a ropeway ride, from where we could see a breathtaking view. It was an excellent place. Then, we went to see the fighting place of Jarasandha and Bhima. We also visited Bodh Gaya, the temple of Buddha. It was a wonderful place, and we saw the Bodhi tree.

We then went to an archaeological site and a science museum, where we did some experiments, like balancing a pencil. We also visited many places like Jal Mandir. In the evening, we went to a Shiva temple.

From Gaya, we travelled to Ayodhya, where we visited Ram Mandir. The carvings of the temple were gorgeous and lovely. I took darshan of Lord Ram, and the idol was very beautiful. We also saw the Ganga Aarti. The next day, we watched the light and sound show.

Then, we went to Lucknow, where we visited many places like the Clock Tower, Bhool Bhulaiya, the art gallery, Shri Mahadev Mandir, the Lucknow University, and the Gomti River. We also met an IAS officer and a sportsperson.

From Lucknow, we travelled to Jhansi and reached in the morning.

We stayed there for three days. We visited places like Jahangir Fort, Raja Ram Mandir, the Planetarium, Amar Ujala Printing Press, and Jhansi Fort. In Jhansi Fort, we watched the light and sound show. I enjoyed my time in Jhansi very much.
