Annual Report of 2023-24(second term)

Annual Attendance 360 days out of 366 days

Introduction

Mohan is a sociable and fun-loving boy who enjoys spending time with his friends. He maintains good behaviour towards his teachers and is a regular attendee at school. Occasionally, his interest in studies may fluctuate due to village functions, but he remains dedicated to learning and listens attentively to his teacher.

Projects

Mohan is a fascinating child who enjoys the company of his friends. He remains quiet in class, focusing on his tasks and participating when asked. He enthusiastically sings songs with actions in the group. During the healthy habits topic, Mohan actively engaged in activities such as creating pictures and learning proper brushing techniques. He successfully learned how to brush correctly, resulting in cleaner teeth.

Mathematics

Mohan has strong grasping skills but struggles with concentration during maths class. Encouraging him to maintain focus and actively participate in class discussions can help improve his maths skills and overall performance.

English

Mohan is a student who consistently demonstrates a quiet and attentive demeanour in the classroom. He actively engages with the stories they share. When prompted to retell the stories in his own words, Mohan often communicates in Hindi but also makes an effort to express himself in English, indicating his willingness to practice and improve his language skills.

In addition to storytelling, Mohan has shown proficiency in learning rhymes and songs. He has learned various rhymes such as "The Ants Go Marching" and "Green Grass Grows All Around" with remarkable speed, demonstrating his ability to grasp new material quickly.

Mohan's willingness to participate and his eagerness to learn are commendable qualities that contribute positively to the classroom environment. With continued practice and support, he has the potential to further develop his language abilities and excel academically.

Arts and Crafts

Mohan actively participates in various art activities, displaying proficiency in paper folding and drawing. His drawings are characterized by patience and a preference for the colour blue.

Games

Mohan quickly grasps game instructions. His preferred games are "doctor-doctor," "help us," "fire on the mountain," and "pick the bottle." Although he gets tired quickly when running, he still tries his best.
