

MOHINI, 9 years, Flower Group

Mohini is becoming more open and receptive and has started sharing her ideas, thoughts and feelings in front in the group in English with confidence.

In this session, it seems that she has developed an attitude of learning something.

She is participating in the group and also being friendlier and happy with her peers.

Mohini sometimes becomes moody and at that time, she doesn't listen to anybody, remains stubborn.

English Language - Mohini is mostly shy to talk but tries to talk in English most of the time but shifts into Hindi when she wants.

She has become more participative in the last 6 months has progressed.

She is particularly good at and seems to enjoy pronouncing new words and usually gets it right in the first 3 attempts.

Her pronunciation is good.

MOHINI, 9 years, Flower Group

She likes to Draw and Tell and is one of the few activities she is vocal in.

She is very confident with alphabets. Likes to work with Shampa in her team.

Hindi Language - Mohini is moody, she reads when she feels like.

She needs continuous individual attention for her to stay involved in whatever activity she is doing.

She is least interested in thinking, describing.

MOHINI, 9 years, Flower Group

Seems disinterested, does not even try. Since she is moody, she gets distracted and is unable to do well in dictation. She is being given practice in reading with the Aviral Book.

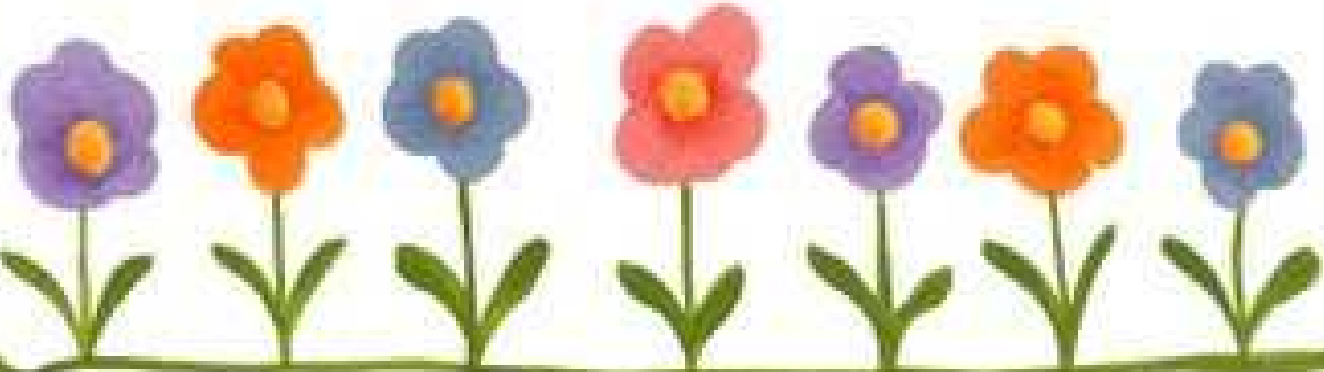

Odia Language - Mohini is the eldest girl in Flower Group. Sometimes she does not want to attend Odia class but rather do gardening or other outdoor activities.

Sometimes she is sad, sometimes she is happy, sometimes she just wants to talk to her group mates. Her mental faculties still need to develop.

Math: Mohini is able to count up to hundred serially without mistake.

She is able to do addition and subtraction of small numbers without the help of any objects.

She is able to arrange the number in ascending and descending order.

MOHINI, 9 years, Flower Group

She can tell the greater, smaller and equal numbers.

She is doing math with interest these days.

She needs individual attention and motivation to work hard.

Skill Work: Mohini loves to do cutting, painting, pasting, and decorating things.

Whenever she has free time, she remains busy making different designs finely and skillfully.

The color combinations she uses in her drawing and colouring are very attractive.

Individually or collectively, she quietly does with her partners accepting other views and working to give a beautiful form to her work.

In projects she needs a lot of encouragement and motivation to start the work and continue it. It doesn't come to her from within.

MOHINI, 9 years, Flower Group

Working on different topics such as Me and Myself, Mother's Birthday, Trees, she became aware of herself as well as her surroundings. Getting influenced by her friends, she is becoming more responsible, remains engaged and finishes her work.

She tries to understand the theme and participate in group discussions.

Whatever information, she gets she tries to recall and reply whenever it is necessary. She is able to solve different problems related to a topic. She takes a long time finish her work & express her ideas & knowledge on it.

MOHINI, 9 years, Flower Group

Games and sports: Mohini is doing games and sports regularly.

She has energy to play better but she doesn't enjoy playing fun or skill related games with the group.

She would rather climb a tree and to eat fruits or go to hills for a trek.

Mohini was active and enthusiastic for the Sport's Day. She practiced well and coordinated with the her team mates to perform well.
