

MOHIT, 6.5 years, Flower Group

Mohit is a happy and playful child.

He is paying attention to his studies.

He is working hard.

He is always exploring his surrounding environment and remains happy.

He has a good relationship with older children from other groups.

He is fascinated by what they are doing, and what he can learn from them.

He is punctual; he reaches school and other classes after break on time.

English Language - Mohit is bright and active. His reading is fluent though he sometimes gets stuck on tougher words and takes a little more reading to get it right.

MOHIT, 6.5 years, Flower Group

English Language - He can remember words well and likes to shout and sing.

Speaks with slight errors but can get the message across.

He can get little distracted but it doesn't hamper too much with his learning progress.

Played a convincing 'Cow' in the second drama and a memorable 'Sun' in the first.

Hindi Language - He focuses in Hindi class. He listens to words carefully and is able to convert it to correct spelling.

Sometimes when we children write about a bird, animal, event or any other topic, he is able to form sentences and write properly. At times he makes spelling mistakes.

Odia Language - Mohit is a good learner. He shows much interest to learn Odia. At the time of expressing himself, he has problems in pronunciation.

MOHIT, 6.5 years, Flower Group

He sings in a loud voice but does not sing the complete sentence or song. He sings when he feels like. He likes to read and write simple words and structures.

Sometimes he has lack of interest in singing and acting. He needs individual attention from Didis.

Math: Mohit likes to do math. He not only learns from the class, objects available but his surroundings as well. He learns many things from older children.

Nobody taught him counting up to thousand, yet he learnt from older children, looking at books and from other sources.

He appreciates those who do good math. He keeps trying to solve a problem several times and doesn't lose his patience.

MOHIT, 6.5 years, Flower Group

He can identify numbers and is able to write number names up to hundred without any mistake.

He can arrange the numbers in ascending and descending order.

He is able to add, do two digits to two digit numbers addition and subtraction with carry over and borrowing.

He is able to do skip counting of 2, 3, 4, 5... up to 10.

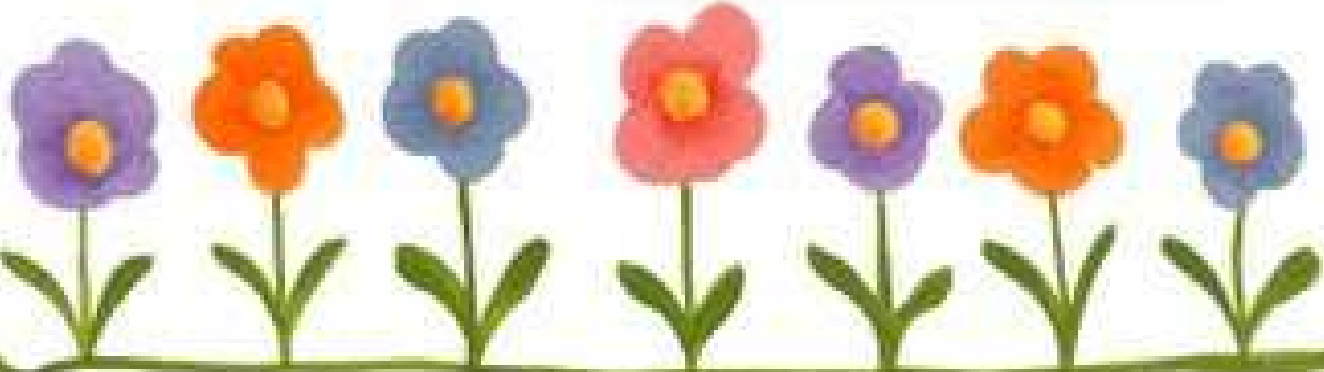

He has started doing multiplication but is unable to memorize mentally.

He can read the word problem from his book with the little bit help of didis.

He can read and write numerals.

In Projects Mohit remains curious and loves to work on different areas. During this period of six month, he worked on Me And My-Self, Sport Day, Time, Mother's Birthday, Trees and Plants.

He was engrossed in every topic, did his work as well as possible.

MOHIT, 6.5 years, Flower Group

He listens to the group discussion and information attentively and memorizes it.

If any questions are put forth, he uses his memory and experiences and thinks in different ways.

He loves to do the variety of worksheets for matching, crosswords, jumble words, fills in the blanks etc. If it is difficult, he takes a clue, and finds the answer.

Skill works: Mohit is skilful. He uses his hands well to make different things by paper cutting, pasting, painting and drawing.

MOHIT, 6.5 years, Flower Group

Sometime, he tries to finish his work quickly and doesn't give importance to doing it well. He has to learn to do as beautifully as possible.

Games and sports: Mohit doesn't like to miss games. Mostly he reaches the field on time and plays all kinds of games happily and enthusiastically.

He has developed his strength and stamina. He can run continuously 15 minutes without stopping.

He performed well on sports day. He was alert and harmonious with the group mates.

He likes to play base kick ball and foot ball. In this session he has learnt the skill of throwing, catching, kicking and controlling the ball.
