

## Gaurav Krisani

2021-22

DOB- 28<sup>th</sup> December'12

### Math:

Gaurav is a very quiet child and enjoys participating in math activities, working in groups, and helping others. He has improved. He is having some difficulty

with math as he was not in school for well over a year. He is being given extra practise in math. He has learnt counting from 1 to 100 and has learnt addition using stories or word problems. He can now do the four operations, skip counting, subtraction with objects, and recognizes shapes and numbers. He can do mental addition and subtraction but requires more practise. He learnt tens and ones up to 100 and can explain it very clearly.

### Project:

He concentrates in the class. He tries to remember things that are taught. In vegetable topic he learnt the names of the different vegetable. He made beautiful drawings of vegetables and coloured them. He created stories based on the vegetables.

He took time to remember his dialogue. He was confident during the presentation. His favourite vegetable is sweet potato. He learnt the names of different animals and made animal chart with his friends. He learnt how to make animals with clay and gave

beautiful colours to them.

### English:

He is a silent learner. After covid-19 when he re-joined the school, he had forgotten most of what he had learnt. Slowly he is relearning the language. He only speaks in English but requires encouragement. He has learnt opposite words. He listens to stories carefully and can answer when questions are asked. When he narrates stories in English, he often uses Hindi words, but when he is told the required English word, he corrects himself. His drawings are very attractive. Using his drawings, he makes stories. Now he knows

consonant sounds, needs practise in vowel sounds while he is finding it challenging in recognition of letters. He needs to be open in the class.

On 29<sup>th</sup> November, bhaiya's birthday, he participated in a drama "The elephant's crown".

**Hindi:** - Gaurav is a smart, neat, and clean child. He is quite fast in learning, but he could do with more hard work. He sits properly in the class. He is being encouraged to tell stories. He is learning new things. He is a very quiet child. He has properly learnt alphabets in Hindi. He listens carefully when didi teaches new things.

### **Art & craft:**

He is good at drawing and colouring. He always tries to use the full time and draws neatly. He tries to pay attention in the class and concentrate in his work. His fine motor skills have developed, and he is always wanting to learn new skills.

He participates in paper cutting, colouring, paper folding, etc. He can properly fill colour within the outline. His drawings are neat and clean, without help from didi.

### **Games:**

He has a good stamina and his gross motor skills have developed. He likes playing chain game, ice and water and enjoys Yogasana. His favourite game is football. He enjoys a lot while he goes for a walk on the hills. He is a very strong child.

### **Singing:**

Kartik is very fast in learning songs and poems. His pronunciation is very good.
