

Kumari Gouda

DOB- 27th May'06

Attendance- 175 out of 183 days

Report- 2023-24 (First Term)

I am Kumari Gouda, and I am 17 years old. In the past few months, I completed my 12th-grade exams, and I am satisfied with my performance. I found studying for the exams to be a fulfilling experience and enjoyed the process. My results reflect my efforts, with scores of 64% in Chemistry, 81% in Biology, 78% in Physics, 77% in Physical Education, and 78% in English. Now that I have completed my exams, I am pursuing my graduation in BSc and simultaneously engaging in voluntaser work with children.

Volunteering

Volunteering has become a passion for me, and I take great joy in working with children. I have been involved with the Unity Group, a curious and eager bunch of

children who are genuinely interested in what their teachers have to offer. For the Unity Group, I conducted project classes covering topics such as health and hygiene, body parts, family, and shapes.

I also had the opportunity to teach the Perseverance Group, where the students displayed excellent discipline and a strong interest in learning. I found it rewarding to teach them and enjoyed

checking their homework assignments. My most enjoyable experience has been working with the Gratitude Group, where the children are inquisitive and ask numerous questions. I take pleasure in answering their queries, and whenever I encounter a question to which I don't know

the answer, it becomes an opportunity for me to learn and grow. I have also engaged the children in creating models, 3D charts, and 3D models, particularly related to the periodic table.

Sports I've developed a newfound interest in playing games, especially with the older Didi's and Bhaiyas. I often organize and participate in games with the Victory and Courage Groups, particularly on Wednesdays, and these interactions have brought me great joy.

Celebrations

Participating in various celebrations has been a highlight of the past few months. For instance, on 15th August, I played the role of the narrator in a play about freedom fighters. I thoroughly enjoyed celebrating various festivals that occurred during this period, including Ganesh Chaturthi, Janmashtami, and others.

Shramdaan

Currently, I am actively engaged in Shramdaan, working alongside the children to contribute to community

service activities. I change the focus of Shramdaan each month, and I genuinely enjoy.
