

Kumari Gouda

DOB-27-may-2006

Attendance-179 days out of 182 days

Report for 2024-25 (Second term)

Introduction

I am doing my graduation, and am 18 years old. I gave my first years' exams. I am also volunteering in the school to help the children learn. I am very happy to be able to give my time to the school, which is a pleasure for me.

I volunteer for three hours in different groups, and in each group I take science class.

- 1) In Victory group I take the project class at 11:30 am. This is very enjoyable as I get to learn more and new things which I don't know. It's quite energetic to do activities with the children. I love to interact with the children, and they also enjoy doing the class.

- 2) I also take the class of the Receptivity group. They are the most excited children. They are far too active. Now they are doing their 6th class book and when they start a new chapter, I explain it to them, and when they don't understand they ask questions. They finished their 5th class book in the month of February and gave a test on it.

They did quite well in the test. They answer their questions and I check them.

- 3) Progress group is the class 10 children. I take their biology. I give them notes, explain the chapter and check their notebooks as they do their questions answers. They give tests on the chapters they have finished, and some of them do quite well. They do their homework on time.

Shramdan

I do all the shramdan in the morning. I change my shramdan after 1 month and I like to do them as I like to keep the environment clean so as not to get sick. I clean with the children and help them to make it cleaner.

Celebrations

I celebrated Sports Day on 13th of January. In the morning I had done March Past. Then I had gone for some activities. In the afternoon I had participated in the pyramid with the children. I even did the Welcome Dance.

Camps

I had taken part with the camps that had come from Delhi and Hyderabad for their trekking and enjoyed with them. There were 3 camps, and they were there till 15 of January. I enjoyed being with the camp and also enjoyed doing

activities with them. As I am shy to talk much, I also got the confidence to interact with them.

Trip to Bihar

My trip started in 25th of January I reached Bhubaneswar on 26th and went to see the science museum, where I got to see the different units of science and maths. In the evening we went to Aul and spent the night. Next morning on 27th I had gone to Bhitarkanika, where I got to see a lot of crocodiles and deer. I enjoyed this ride very much. After that I had Darshan in the Vahara Mandir, from where I started for Baleshwar. There I went to the shrine of the Mother and Sri Aurobindo, after which I went to have darshan of the Panchlingeshwar, and liked it very much. In Baleshwar I visited other places like the Khiro choro Gopinath temple, Sita Kund waterfall and Chandipur beach. After which I went to

baripada, and from there I went to Simlipal to see the tigers. I then went to the Sri

Aurobindo school, and Jagannath mandir. Then I started for Bihar, when I reached during the day. I had gone to the Vishnu temple and on the way to the village I had gone to see the Dashrath Manjhi road. I stayed for 5 days in Bihar and got to see a lot of places which I enjoyed a lot. The places are Sita Setu, Sita mandir, Brahma Kund where I bathed and enjoyed a lot because it was a sulphur spring. After that I went to the Shanti stupa, Kakolat waterfall. Then I went to Bodhgaya, and got to see the Mahabodhi temple which was very beautiful and as it was the 18 anniversary of it, there was a big crowd and I got to hear a lot of Buddhist chanting. I also saw the Japanese temple, Chinese temple, Thailand temple and monasteries. After which I had gone to the nature safari which was really enjoyable because I got to enjoy the glass bridge,

suspension bridge, and I even did the zip-line and sky cycling. Then I went to Pandu Pokhar, an enjoyment park for people where I could play many games. I played a lot of games and enjoyed it very much. I liked the bungee jumping the most, after which I went to Nalanada University and Swarna Bhandaar, Pawapuri to see the Jal mandir. Then I came to Rourkela, where I got to see the Hanuman temple, Kali temple,

birthplace of Ved Vyasa, then from there I caught the train to Koraput and came back t
