

Ranjeet Jani

DOB-11-Jul-2013

Attendance-125 days out of 182 days

Report for 2024-25 (Second term)

Introduction

Ranjeet is a talented boy. He behaves in a good manner with everyone. But he feels bad when he is teased especially by some girls of his group and therefore bursts out into arguments. He enjoys spending time with Gaurav and Sanat the most, as they are his best friends. Due to health issues, he had started staying at home and still comes from home. He is quite irregular to school. This hinders his progress in studies as well as other activities such as games, arts, dance, music, etc. Whenever he comes to school, he comes becoming neat and tidy. He enjoys studying science the most. His hobby is to read books.

Mathematics

Ranjeet is doing Maths book of class 4th. Ranjeet was unable to learn many concepts taught collectively in the group in the past few months nor could he cover chapters from the book. But he has learnt Decimals to some extent. He has learnt to compare and arrange in ascending and descending orders and conversion from fractions to decimal and vice-versa. He also learnt addition, subtraction, multiplication

and division of decimals. He is quite confident in comparing and arranging decimals but needs more clarity and practise in the other concepts as he skipped classes in between.

Science

After finishing the 5th book of *Living Science*, Ranjit has started the 6th grade book of *Living Science*. He is shy and is normally quiet. He likes to listen more than speak in class. He is very attentive and active during class. He has started performing very well

in the tests compared to before. He understands and has a good grasp of the concepts of science. He likes to learn new things and do outdoor activities like going to the villages and to the garden to learn about plants and flowers. He liked the chapter *Rocks and Minerals*. He does the question answers of the chapters by himself but sometimes takes help.

Social Science

Ranjit liked studying about the first

cities as he enjoyed investigating about the terracotta toys and houses. He helped in making the dancing girl while making the chart and coloured it beautifully. He enjoys studying about history as he likes to delve into the past. He tries to pay attention in the class, and whenever the teachers ask oral questions, he tries to answer. While

solving the questions from the book, he endeavours to write the answers by himself and sometimes refers to the book. He understands the concepts better when the teachers explain them and then he reads by himself.

Hindi

Ranjit finished the 3rd Gunjan book and he is preparing for his test. He

comes to understand the chapters from the teachers otherwise he takes help from his friends. He rarely gets his notebook checked. He needs to be uninhibited during the class and also needs to engage in the class. He needs to focus more on his grammar and needs to work hard in his studies. He needs to try his best to improve in his studies and also in his reading.

English

Ranjeet can understand spoken English quite well. He tries to speak in proper sentences but lacks improvement due to less practise. He likes to read books. He reads novels of Enid Blyton at his free time and sometimes during class. Name of some books that he has read are: - The Walkaway shoes, Look out for the elephant, Twelve silver cups, and The magic cloak. He is now reading Peronel's magic polish. He is doing a comprehension book of class three and has covered six chapters. They are Alice and the strange animals, A gift for granny, Krishna; the postman, The clever rabbit, The kids' club and Gita's breakfast. He enjoyed reading these stories and have understood them quite well. He studies grammar of 3rd class. He started it on 5th December and has completed sentences,

chosen and filled in smoothly. Despite not being present often, his work spoke for his dedication and creativity, making it clear that he had a special talent for craftsmanship and art

Puzzles

Ranjit with his friends tries to find the pieces and tries his best to fix the pieces. He is doing the 1000 pieces puzzles of Taj Mahal with his friends.

Games

Yogasana

Please refer to the group report.

Celebrations

nouns, verbs, articles and pronouns. He is currently studying about adjectives. He has understood parts of speech and enjoyed doing the exercises. He loves studying English, so he takes his book and studies while at home.

Odia

Please refer to the group report.

Computer

Please refer to the group report.

Dance

Arts

Ranjit impressed everyone with his talent for making stars. His folding was precise, with each crease perfectly pressed, giving his stars a flawless shape. Along with his skill in paper folding, Ranjit was also an excellent artist. His drawings were always neat and clean, with colours carefully

Ranjeet likes to celebrate functions and festivals in the school. He likes to participate in drama the most. But he is unable to participate in most of the programmes. He actively took part in the Children's Day celebration. He had great fun eating food and doing kayaking in the picnic which was held near the reservoir. He enjoyed doing kayaking more as he could learn easily. On Christmas, he sang a carol 'It's Christmas' with the boys' team of his group. On Holi, he played with the colours but enjoyed mud bath more. He ate *pani puri*, *chat*, chocolates, boulders and drank *lassi*. He enjoyed eating *pani puri* the most.

Sports Day
