Introduction

My name is Shampa Muduli, and I study in the 12th grade. I both study and volunteer with small children. Currently, I am preparing for my exams. I have already completed four subjects: Physical Education, Home Science, History, and English. Now, I am preparing for Painting, which I will be taking in April'25. In school, I also volunteer, participate in activities, and do Shramdan. I enjoy all these activities. I like to dance and paint. In November'24 I had appeared for my History exam, where I obtained 59%.

Shramdan

In Shramdan, I clean our hostel and participate in various activities like school cleaning, hostel cleaning, and toilet cleaning. I particularly enjoy sweeping the school. Every morning, I do Shramdan and complete all tasks with interest. After Shramdan, I help serve breakfast to the children and also cut vegetables. I feel good after doing Shramdan. I like Shramdan very much, especially school cleaning.

Painting

In Painting, I study on my own and am currently making drawings independently. Sometimes, when I feel inspired, I draw various types of pictures, particularly nature scenes, which I enjoy very much. In drawing, I use watercolours, pastel colours, coloured pencils, etc. I like using watercolours the most. In Painting, I answer questions and read the textbook. I draw different types of images, such as objects and nature.

Volunteering

I enjoy teaching small children. I teach them English, Maths, and project work. In English, I tell them stories, sing English songs, and talk to them to help them understand some words. They are now able to comprehend basic English and are learning the names of colours. I tell them various animal stories and different types of stories in Hindi and English. In Maths, I help them with counting. I also teach them Hindi and English songs. I really enjoy spending time with them. I also play different types of games with them, which I love.

Games

In games, I love running and exercising. I take 5 to 7 laps around the field. I am always punctual for games. Before playing, I concentrate for a while and pray to the Mother to help me play properly and avoid injuries. After focusing, I do running and joint exercises. I love running, whether on hills, roads, or sometimes in the field. After that, I participate in

games, playing different types of sports. I enjoy playing very much.

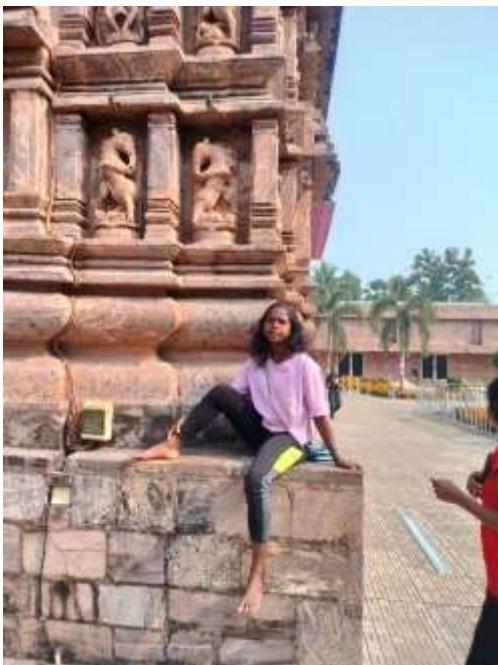

Celebrations

I performed a dance on 31st December and did a classical dance on Sports Day along with some of the didis. I enjoyed the dance very

much. I also did a sari drill with some children using colourful saris. I enjoyed doing the sari drill very much.
