

An affectionate, hardworking child Mukti talks softly.

She shares her feelings when she finds someone who talks to her, shares things with her and praises her activities.

Whenever she is sent to a new teacher she goes happily. But she works nicely for some days and slowly loses interest.

Her favourite activity is drawing. She drew a beautiful picture of The Mother on her birthday. She did it with a lot of patience.

Mukti has sound health. Her height is good enough.

She is good at physical work such as cleaning, bringing wood, helping the Diyas in cooking, making Chapati for our pet dog (Bunty). But she does not get involved in the work which is given to the group.

She does not come for Chappatti making, and is not regular for "shramdaan".

Once she makes up her mind, she does not leave the work.

Sometimes she does not come to the school and stays back in the hostel. When asked she gives reason of headache. Often she goes home in the evening.

Sometimes Mukti seems to be responsible for her study. But sometimes she wanders in the school or hostel.

When somebody calls her and gives individual attention, then only she does some work.

MUKTI, 11 years

CONCENTRATION GROUP

After listening to a story when asked question, she responds happily. But when asked to explain in writing, she writes less that too with spelling mistakes.

Didi / Bhaiya have to be with her all the while when she is reading or writing. She has improved in reading. She likes to read Hindi story books.

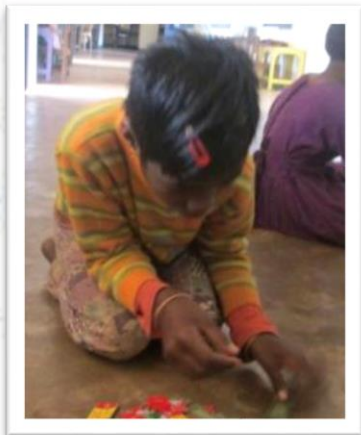

Recently she has been given an environmental science book from which she reads chapter wise and does exercises. She faced some problem in reading the body parts topic but slowly was able to understand. She requires discussion before she writes answers.

In MATH she is clear in the four operations but needs help to calculate with bigger numbers.

ODIA LANGUAGE -
Mukti can identify some letters in Odia. She rarely comes to the class. She wants to read silently. On being asked also she remains silent. She does copy writing slowly.

GAMES AND SPORTS
Mukti has to be active for games. She has to be regular in the field. During the Sports Day she did skipping, and walked on the stilt actively.
