Report for 2024-25(Second term)

Introduction:

Jasmine is a 9-year-old student. She doesn't stay in the hostel and goes home after the school gets over. She is friendly and helpful towards others.

E

Jasmine is a sweet and polite girl, but she is often irregular to school.

Because of this, she has not been able to cover up many of the chapters. She is currently working on grammar book 2 and the Communicative English book for class 3. Jasmine needs more practise in reading. She finds it difficult to read fluently and understand some of the words. Her pronunciation also needs improvement, as she struggles to say longer and more difficult words correctly. When it comes to writing, Jasmine finds it hard to write answers to questions on her own. She needs a lot of support and practise in improve this skill. She also needs extra practise in

spelling, as she often makes mistakes. Jasmine is trying to speak in English and makes an effort to do so with her teachers and classmates. She is growing more confident in speaking.

Hindi:

Jasmin is doing the 3rd Gunjan book. She has a very good handwriting and does her work properly. She does the question answers from the textbook but is a little laid back. She sometimes asks her doubts to her teachers or sometimes to her friends and does her work. She really needs to work very hard in her studies.

Projects:

Jasmine enjoys studying this subject as she likes learning about the various things in detail. She tries to be attentive in the class so that she can understand the concept and also answer the questions when asked orally or in written form. She learnt a lot of new vocabulary while doing these topics; she drew a lot of drawings while doing the topic; the topics that they did were of machines, where they learnt about the various types of lever, load and fulcrum. She learnt about the natural habitat of the birds and animals and can also differentiate between the different food habits of the birds and animals. She enjoyed drawing the pictures of the different types of plants and learnt about the various features of the plants

growing in the water, desert and on the land. She tries comprehending the questions by herself and whenever she is unable to do so, she takes help. She can do better if she puts in more effort and hard work.

Maths:

Jasmine is a quiet and shy student. She is currently working on the class 3 maths book, because she has not been coming to school regularly. Jasmine usually stays quiet and does not participate much. She only answers when she is asked directly and often seems unsure of her answers. She finds it

difficult to understand new concepts when they are taught and needs extra time and practise to grasp them. One of the biggest challenges for Jasmine is solving word problems. She struggles to understand what the questions are asking, which makes it hard for her to solve them correctly. Because of this, she needs to work very hard to improve her understanding and skills in maths. Even though she finds maths difficult, Jasmine feels very happy

when she gets correct answers. With more practise Jasmine can improve in maths. She needs to be regular to class.

Arts:

Jasmine likes to draw. She has learnt to make a house with paper and found it very exciting. She also learnt simple techniques for drawing animals and had a lot of fun. Jasmine loved creating hanging decorations and put in a great effort into her work. She enjoys drawing
